"Ruby has always been the generous mediator among her friends, family and colleagues, which is why they have all turned up to celebrate her 50th birthday. But after a few too many glasses of champers, Ruby's speech doesn't exactly go to plan. Instead of delivering the witty and warm words her guests are expecting, Ruby takes her moment in the spotlight to reveal what she really thinks of every one of them. She also accuses her husband, Harry, of having an affair, and reads to the audience the evidence she found on his phone that very morning. Saving the best till last, Ruby lambasts her calculating octogenarian mother for a lifetime of playing her three daughters against each other. It's blisteringly brutal. As the stunned gathering gawks at Ruby, the birthday girl concludes her bravura monologue with the throwaway comment that she has terminal cancer. She has cashed in her life savings and plans on taking her two sisters cruising until she dies. Courageous? Or ruthlessly selfish? But, do they even want to go with her? And, was it her medical results she read?"--Publisher.

NOW A MAJOR MOTION PICTURE The #1 New York Times bestselling worldwide sensation with more than 12 million copies sold, "a painfully beautiful first novel that is at once a murder mystery, a coming-of-age narrative and a celebration of nature" (The New York Times Book Review). For years, rumors of the "Marsh Girl" have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. Where the Crawdads Sing is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder.

Delia Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.
