Activity Puzzle Coloring Book for Adults Relaxation & Stress Relief

Animals Black and White

Answers a variety of questions about baby animals and their parents.

Baby animals come in many different shapes and sizes, and many of those shapes and sizes are covered in spots or stripes. In Baby Animals Spots & Stripes, each turn of the page reveals a pair of adorable baby animals—one spotted and one striped. On the back cover of the book is a list of the animals featured (mammals, reptiles, birds, and fish). The book closes with a full-color illustration of babies playing with toy versions of each animal. This title is a companion to the best-selling Baby Animals Black and White. The bold black-and-white patterns stimulate eyesight and brain development in infants. The recognition and naming of familiar animals promotes speech development in older babies and infants.

Who doesn't love baby animals?

Invites young readers to feel the textures of animals, including puppies, elephants, starfish, and snails. On board pages.

My First Word Book for Children

Photographs capture the special relationship between small children and baby animals. On board pages.

Perfect peep hole books for inquisitive toddlers. Bright, bold pages and picture flaps will keep your toddler engaged over and over again in Who Am I? Baby Animals. Your child will love discovering who is hiding behind each fun page, as you read the clues together. Who likes to eat lettuce and lives in a hutch? A bunny rabbit, of course. Perfect for reading aloud and encouraging word recognition, your toddler will love the playful and familiar guessing-game format. Watch as they investigate and explore each page - a perfect combination of learning and play.

What do grizzly bear cubs eat? Where do baby raccoons sleep? And how does a baby otter learn to swim? Every baby mammal, from a tiny harvest mouse "pinkie" to a fierce lion cub, needs food, shelter, love, and a family. Filled with illustrations of some of the most adorable babies in the kingdom, Born in the Wild is an awww-inspiring look at the traits that all baby mammals share and proves that, even though they're born in the wild, they're not so very different from us, after all! This non-fiction picture book by Lita Judge is sure to appeal to budding naturalists and animal lovers.

Young readers will love to feel the different textures and hear the baby animal sounds in this interactive, sturdy board book designed for children ages 3 and up. Includes an on/off switch on the back cover to extend battery life. Touch, feel, and hear the baby animals on every page of this interactive, sturdy board book, packed with appealing photographs, tactile textures, and adorable baby animal sounds. Press the touch-and-feels to hear five realistic baby animal sounds, with a button on the last page to play all five sounds again!
