One woman 10,000 miles on foot 6 countries 8 pairs of hiking boots 3,000 cups of tea 1,000 days and nights “The only way to survive three years of walking was to embrace the moment of now.”—from Wild by Nature Not since Cheryl Strayed gifted us with her adventure on the Pacific Crest Trail in her memoir, Wild, has there been such a powerful epic adventure by a woman alone. In Wild by Nature, National Geographic Explorer Sarah Marquis takes you on the trail of her ten-thousand-mile solo hike across the remote Gobi desert from Siberia to Thailand, at which point she was transported by boat to complete the hike at her favorite tree in Australia. Against nearly insurmountable odds and relying on hunting and her own wits, Sarah Marquis survived the Mafia, drug dealers, thieves on horseback who harassed her tent every night for weeks, temperatures from subzero to scorching, life-threatening wildlife, a dengue fever delirium in the Laos jungle, tropic ringworm in northern Thailand, dehydration, and a life-threatening abscess. This is an incredible story of adventure, human ingenuity, persistence, and resilience that shows firsthand what it is to adventure as a woman in the most dangerous of circumstance, what it is to be truly alone in the wild, and why someone would challenge themselves with an expedition others would call crazy. For Marquis, her story is about freedom, being alive and wild by nature.

**\*\*The National Bestseller\*\* From the acclaimed, bestselling author of Turn Right at Machu Picchu, a fascinating, wild, and wonder-filled journey into Alaska, America's last frontier In 1899, railroad magnate Edward H. Harriman organized a most unusual summer voyage to the wilds of Alaska: He converted a steamship into a luxury "floating university," populated by some of America's best and brightest scientists and writers, including the anti-capitalist eco-prophet John Muir. Those aboard encountered a land of immeasurable beauty and impending environmental calamity. More than a hundred years later, Alaska is still America's most sublime wilderness, both the lure that draws one million tourists annually on Inside Passage cruises and as a natural resources larder waiting to be raided. As ever, it remains a magnet for weirdos and dreamers. Armed with Dramamine and an industrial-strength mosquito net, Mark Adams sets out to retrace the 1899 expedition. Traveling town to town by water, Adams ventures three thousand miles north through Wrangell, Juneau, and Glacier Bay, then continues west into the colder and stranger regions of the Aleutians and the Arctic Circle. Along the way, he encounters dozens of unusual characters (and a couple of very hungry bears) and investigates how lessons learned in 1899 might relate to Alaska's current struggles in adapting to the pressures of a changing climate and world.**

**Krakauer’s page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interst that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.**

From the author of The Old Ways and Underland, an "eloquent (and compulsively readable) reminder that, though we're laying waste the world, nature still holds sway over much of the earth's surface." --Bill McKibben Winner of the Boardman Tasker Prize for Mountain Literature and a finalist for the Orion Book Award Are there any genuinely wild places left in Britain and Ireland? That is the question that Robert Macfarlane poses to himself as he embarks on a series of breathtaking journeys through some of the archipelago's most remarkable landscapes. He climbs, walks, and swims by day and spends his nights sleeping on cliff-tops and in ancient meadows and wildwoods. With elegance and passion he entwines history, memory, and landscape in a bewitching evocation of wildness and its vital importance.

Jay Griffiths describes an extraordinary odyssey, courageous and sometimes dangerous, to wildernesses of earth and ice, water and fire. A poetic consideration of the tender connection between human society and wild lands, Wild is by turns funny, touching and harrowing. It is also a journey into that greatest of uncharted lands – wild mind – as Griffiths explores the words and meanings which shape our ideas and our experience of our own wildness. Part travelogue, part manifesto, this is a one-of-a-kind book from a one-of-a-kind author.

“ This is a gorgeous, lyrical, hilarious, important book. . . . Read this and you may find yourself instinctively beginning to heal old wounds: in yourself, in others, and just maybe in the cathedral of the wild that is our true home. ” —Martha Beck, author of Finding Your Own North Star Boyd Varty had an unconventional upbringing. He grew up on Londoloz Game Reserve in South Africa, a place where man and nature strive for balance, where perils exist alongside wonders. Founded more than eighty years ago as a hunting ground, Londoloz was transformed into a nature reserve beginning in 1973 by Varty ’ s father and uncle, visionaries of the restoration movement. But it wasn’ t just a sanctuary for the animals; it was also a place for ravaged land to flourish again and for the human spirit to be restored.

When Nelson Mandela was released after twenty-seven years of imprisonment, he came to the reserve to recover. Cathedral of the Wild is Varty ’ s memoir of his life in this exquisite and vast refuge. At Londoloz, Varty gained the confidence that emerges from living in Africa. “ We came out strong and largely unafraid of life, ” he writes, “ with the full knowledge of its dangers. ” It was there that young Boyd and his equally adventurous sister learned to track animals, raised leopard and lion cubs, followed their larger-than-life uncle on his many adventures filming wildlife, and became one with the land. Varty survived a harrowing black mamba encounter, a debilitating bout with malaria, even a vicious crocodile attack, but his biggest challenge was a personal crisis of purpose. An intense spiritual quest takes him across the globe and back again—to reconnect with nature and “ rediscover the track. ” Cathedral of the Wild is a story of transformation that inspires a great appreciation for the beauty and order of the natural world. With conviction, hope, and humor, Varty makes a passionate claim for the power of the wild to restore the human spirit. Praise for Cathedral of the Wild “ Extremely touching. . . . a book about growth and hope. ” —The New York Times “ It made me cry with its hard-won truths about human and animal nature. . . . Both funny and deeply moving, this book belongs on the shelf of everyone who seeks healing in wilderness. ” —BookPage

City girl Calla Fletcher attempts to reconnect with her estranged father, and unwittingly finds herself torn between her desire to return to the bustle of Toronto and a budding relationship with a rugged Alaskan pilot in this masterful new romance from acclaimed author K.A. Tucker. Calla Fletcher was two when her mother took her and fled the Alaskan wild, unable to handle the isolation of the extreme, rural lifestyle, leaving behind Calla ’ s father, Wren Fletcher, in the process. Calla never looked back, and at twenty-six, a busy life in Toronto is all she knows. But when her father reaches out to inform her that his days are numbered, Calla knows that it ’ s time to make the long trip back to the remote frontier town where she was born. She braves the roaming wildlife, the odd daylight hours, the exorbitant prices, and even the occasional—dear God—outhouse, all for the chance to connect with her father: a man who, despite his many faults, she can ’ t help but care for. While she struggles to adjust to this new subarctic environment, Jonah—the quiet, brooding, and proud Alaskan pilot who keeps her father ’ s charter plane company operational—can ’ t imagine calling anywhere else home. And he ’ s clearly waiting with one hand on the throttle to fly this city girl back to where she belongs, convinced that she ’ s too pampered to handle the wild. Jonah is probably right, but Calla is determined to prove him wrong. As time passes, she unexpectedly finds herself forming a bond with the burly pilot. As his undercurrent of disapproval dwindles, it ’ s replaced by friendship—or perhaps something deeper? But Calla is not in Alaska to stay and Jonah will never leave. It would be foolish of her to kindle a romance, to take the same path her parents tried—and failed at—years ago. It ’ s a simple truth that turns out to be not so simple after all.

What happens when an innocent prank goes horribly wrong? Natasha, Riya, Anjali and Katherine were best friends in college - each different from the other yet inseparable - until that night. It was the night that began with a bottle of whisky and a game of Ouija but ended with the death of Sania, their unlikeable hostel mate. The friends vowed never to discuss that fateful night, a pact that had kept their friendship and guilt dormant for the last twenty years. But now, someone has begun to mess with them, threatening to reveal the truth that only Sania knew. Is it a hacker playing on their guilt or has Sania's ghost really returned to avenge her death? As the faceless enemy closes in on them, the friends come together once again to recount what really happened that night. But when the story is retold by each of them, the pieces don't fit. Because none of them is telling the whole truth. . . . That Night is a dark, twisted tale of friendship and betrayal that draws you in and confounds you at every turn.

“ A vivid and intoxicating account of these beautiful islands ” – Victoria Hislop “ A must-read for anyone who loves the Greek islands ” – Richard Clark ‘ There ’ s something about abandoned places which moves me and captures the imagination. ’ So says seasoned travel writer Jennifer Barclay as she walks with her dog and her backpack through the deserted spaces of the Dodecanese, islands that were once bustling but are now half forgotten and reclaimed by the wild due to a mix of misfortune and the lure of opportunity elsewhere. Join her on a journey through abandoned villages and farms, cave-houses and captains’ mansions, the homes of displaced Muslim fishermen and poets, as she discovers beauty in the ruins, emptiness and silence, and inspiration in the stories of people ’ s lives. A long-term resident of Greece, Jennifer Barclay spent more than four years researching Wild Abandon, visiting islands multiple times and talking to local people to hear their stories. She travels from the very west to the very east of the Dodecanese, from the very south almost to the very north, taking in some of the smallest and the biggest islands, and highlighting different stories along the way to show the complex history behind these havens of tranquility. She discovers a villa intended for Benito Mussolini ’ s retirement, an island that links a gramophone from St Petersburg and a portrait in the American National Gallery via a pack of cigarettes, and reflects on the days when an economy based on sponges and burnt rock supported thousands. Wild Abandon is an elegy in praise of abandoned places and a search for lost knowledge through the wildest and most deserted locations.

**Jack London’s novels and ruggedly individual life seemed to embody American hopes, frustrations, and romantic longings in the turbulent first years of the twentieth century, years infused with the wonder and excitement of great technological and historic change. The author’s restless spirit, taste for a life of excitement, and probing mind led him on a series of hard-edged adventures from the Klondike to the South Seas. Out of these sometimes harrowing experiences — and his fascination with the theories of such thinkers as Darwin, Spencer, and Marx — came the inspiration for novels of adventure that would make him one of America’s most popular writers. The Call of the Wild, considered by many London’s greatest novel, is a gripping tale of a heroic dog that, thrust into the brutal life of the Alaska Gold Rush, ultimately faces a choice between living in man’s world and returning to nature. Adventure and dog-story enthusiasts as well as students and devotees of American literature will find this classic work a thrilling, memorable reading experience.**

In her debut novel, the bestselling author of Wild weaves a searing and luminous tale of a family's grief after unexpected loss. "Work hard. Do good. Be incredible!" is the advice Teresa Rae Wood shares with the listeners of her local radio show, Modern Pioneers, and the advice she strives to live by every day. She has fled a bad marriage and rebuilt a life with her children, Claire and Joshua, and their caring stepfather, Bruce. Their love for each other binds them as a family through the daily struggles of making ends meet. But when they received unexpected news that Teresa, only 38, is dying of cancer, their lives all begin to unravel and drift apart. Strayed's intimate portraits of these fully human characters in a time of crisis show the varying truths of grief, forgiveness, and the beautiful terrors of learning how to keep living.

God only knows what possessed Bill Bryson, a reluctant adventurer if ever there was one, to undertake a gruelling hike along the world's longest continuous footpath—The Appalachian Trail. The 2,000-plus-mile trail winds through 14 states, stretching along the east coast of the United States, from Georgia to Maine. It snakes through some of the wildest and most spectacular landscapes in North America, as well as through some of its most poverty-stricken and primitive backwoods areas. With his offbeat sensibility, his eye for the absurd, and his laugh-out-loud sense of humour, Bryson recounts his confrontations with nature at its most uncompromising over his five-month journey. An instant classic, riotously funny, A Walk in the Woods will add a whole new audience to the legions of Bill Bryson fans.

From the Pulitzer Prize-winning author of All the Light We Cannot See, perhaps the most bestselling and beloved literary fiction of our time, comes a triumph of imagination and compassion, a soaring novel about children on the cusp of adulthood in a broken world, who find resilience, hope, and story. The heroes of Cloud Cuckoo Land are trying to figure out the world around them: Anna and Omeir, on opposite sides of the formidable city walls during the 1453 siege of Constantinople; teenage idealist Seymour in an attack on a public library in present day Idaho; and Konstance, on an interstellar ship bound for an exoplanet, decades from now. Like Marie-Laure and Werner in All the Light We Cannot See, Anna, Omeir, Seymour, and Konstance are dreamers and outsiders who find resourcefulness and hope in the midst of peril. An ancient text—the story of Aethon, who longs to be turned into a bird so that he can fly to a utopian paradise in the sky—provides solace and mystery to these unforgettable characters. Doerr has created a tapestry of times and places that reflects our vast interconnectedness—with other species, with each other, with those who lived before us and those who will be here after we're gone. Dedicated to "the librarians then, now, and in the years to come," Cloud Cuckoo Land is a hauntingly beautiful and redemptive novel about stewardship—of the book, of the Earth, of the human heart.
