Here at last is the stress-reducing coloring book that lets adults of all ages color their way through the funny and true annoyances of everyday life. From trying to assemble flat pack furniture to clearing an office paper jam, juggling remote controls, dropping contact lenses on the bathroom floor, and nudging the cat who absolutely won't let you read your book, the dozens of witty and sympathetically amusing illustrations offer real therapy and poke gentle fun at the meditative coloring craze.

The comedian behind the series "Whine About It" and "To Be Honest" presents a collection of humorously anguished essays chronicling the awful moments of his life so far, from everyday indignities to the humiliations of the adult world.

24 completely unique unicorn coloring pages for kids ages 4-8! Unicorns are so much fun to color because they lead such interesting, magical lives! They meet princesses, dragons and mermaids. They visit castles and enchanted woodlands, fly through stars and rainbow skies and even wind up in the Land of Sweets! Share the fun and magic of unicorns with a special child! This coloring book is a great non-screen activity to stimulate a child's creativity and imagination. It makes a perfect gift! About this unicorn coloring book: \* Contains 34 completely unique coloring pages. There are NO duplicate images in this book. \* The pages are single-sided to prevent bleed-through, and so that pages can be removed and displayed without losing an image on the back. \* We have carefully designed each page to be entertaining and suitable for children in the 4 to 8 year-old age range. We have avoided overly-intricate designs as well as overly-simplistic ones. We believe children of this age love coloring fun scenes that fire up their imaginations, not a book full of simple shapes. \* The pages are a nice, large 8.5x11 size. Magic Unicorns Coloring Book
