In *With Roots and Wings*, Jay McDaniel brings together insights from the natural sciences, Christian theology, and interreligious dialogue, breaking new ground in the search for a wholistic spirituality for our time. Taking his title from the Jewish proverb "we must give our children both roots and wings" - McDaniel shows how this applies to our spiritual lives as well. *With Roots and Wings* offers an alternative to the contemporary dilemmas of empty consumerism and rigid fundamentalism, consisting of three basic, interrelated approaches to being: to be rooted in the Earth and religious tradition; to be open to the insights of people of other faiths as well as to share our own; and to become centered on God. McDaniel shows where the "new universe story" of Thomas Berry and Brian Swimme and the Christian story meet and differ, where they complement, and where they supplement one another. *With Roots and Wings* shows how to experience both "green grace" that comes from opening one's self to the rhythms of the cosmos, and "red grace" symbolized in the crucifixion of Christ - both of which are vital to a Christian ecological spirituality and praxis.

A Passion for Wings

*Throughout flight's first 100 years, Purdue University has propelled unique contributions from pioneer educators, aviators, and*

*engineers who flew balloons into the stratosphere, barnstormed the countryside, helped break the sound barrier, and left footprints in lunar soil. Wings of Their Dreams follows the flight plans and footsteps of aviation's pioneers and trailblazers across the twentieth century, a path from Kitty Hawk to the Sea of Tranquility and beyond. The book reminds readers that the first and last men to land on the moon first trekked across the West Lafayette, Indiana, campus on their journeys into the heavens and history. This is the story of an aeronautic odyssey of imagination, science, engineering, technology, adventure, courage, danger, and promise. It is the story of the human spirit taking flight, entwined with Purdue's legacy in aviation's history.*

*The distinguished military historian and author of The Greatest War integrates compelling eyewitness accounts into a dramatic study of the air combat missions that led to American victory in the Pacific theater of World War II.*

*Le brave ragazze vanno in paradiso, quelle cattive vivono passioni sconvolgenti... Ashton, brava ragazza di "professione", cerca di non deludere i suoi genitori e gioca il ruolo della fidanzata perfetta di Sawyer Vincent, il ragazzo che tutte vorrebbero. Ma durante le vacanze estive, mentre Sawyer è in campeggio con il fratello, Ashton inizia ad avvicinarsi a Beau, cugino di Sawyer, terribilmente sexy. E terribilmente pericoloso... Il ragazzo da cui tutte dovrebbero stare alla larga. Beau, che ha sempre voluto bene a Sawyer come a un fratello, ama Ashton fin dai tempi dell'asilo, considerandola però la "ragazza di suo cugino" e, dunque, off limits. Che sia giunto il momento di abbandonare le maschere e di lasciarsi andare ai sentimenti veri? Più Ashton e Beau cercano di stare lontani più il desiderio si fa irrefrenabile. La tenera amicizia che li legava da piccoli si trasforma in attrazione travolgente, impossibile da combattere... Come reagirà Sawyer nel trovare la sua ragazza tra le braccia del cugino e migliore amico? C'è sempre una prima volta per "tutto": per l'amore, per la gelosia, per scoprire chi siamo veramente...*

*Destined delivers all the romance and action that fans expect as it brings Aprilynne Pike's Wings series to a deeply satisfying conclusion. Laurel used to think she was an ordinary girl from Crescent City, California. She never would have believed she was truly a faerie from a realm called Avalon. Now Laurel must risk her life to save Avalon from destruction by Yuki—a rare and powerful Winter faerie—and troll-hunter Klea. But Laurel won't have to fight alone; David and Tamani, two boys she loves in different ways, will be by her side, along with her best friend, Chelsea. Readers of the Need and Graceling series will want to follow Laurel's story from its beginning in Wings to its heart-stopping end in Destined.*

*A PARISIAN who is not rich enough to keep a distinguished chef of his own will occasionally order a dainty dinner to be forwarded to him from some hotel or restaurant; and in these cases the repast, as soon as it is ready, is sometimes put into a hackney cab and driven to the house of the consignee by the cocher, who is not unaccustomed to find this "fare" more remunerative than the fare he habitually conveys. A glance at the cocher, as another of the Parisian types of character, may here be not inopportune. As a matter of fact, however, the cocher is not one type but several. The name applies to the driver of the omnibus, of the fiacre, and of the private carriage. As to the omnibus driver, he is more amiable, more easy-going, less sarcastic than his counterpart in London. Nobody would ever hear an omnibus driver in Paris say, as one has been heard to say in London, when a lady passenger requested to be put down at 339½ — Street, "Certainly, madam, and would you like me to drive upstairs?" Nor is the Paris cabman so*

*extortionate as his London brother; for the fare-regulations, by which there is one fixed charge for the conveyance of a passenger any distance within a certain radius, precludes the inevitable dispute which awaits the lady or gentleman who in our metropolis dares to take a four-wheeler or a hansom. Already in the sixteenth century hackney carriages were driven in the streets of Paris; and any differences arising between the cocher and his passenger were at this period referred to the lieutenant of the police. The private coachmen, attached to the service of the nobility, found their position a somewhat perilous one in an age when quarrels were so frequent on the question of social precedence. If two aristocratic carriages met in some narrow street, barring each other's way, the footmen would get down and fight for a passage. Serious wounds were sometimes inflicted, and even the master would now and then step out of his vehicle and, with drawn sword, join in the affray. The coachman, meanwhile, prouder in livery than his master in braided coat, remained motionless on his box in spite of the blows which were being dealt around. It is related that when on one occasion a party of highwaymen attacked the carriage of Benserade, poet, wit, and dramatic author, his coachman sat calmly at his post, and amused himself with whistling whilst his master was being stripped of everything. From time to time he turned towards the robbers and said, "Gentlemen, shall you soon have finished, and can I continue my journey?"*

*l'ottimismo giovanilista e libertario degli anni sessanta diffuso dal programma "Bandiera gialla". Umberto Broccoli descrive e commenta gli snodi principali della storia d'Italia attraverso musica e parole delle canzoni che sono diventate parte integrante, e spesso folgorante chiave di lettura, del nostro paesaggio sociale e culturale. Come Pier Luigi Vercesi osserva nell'Introduzione, "Broccoli ha inventato un nuovo modo di fare storia, che potremmo definire 'passionale', tant'è vero che dovrete tenere la vostra mente ben concentrata perché, a ogni passo, vi si risveglieranno ricordi e sensazioni che vi condurranno a costruirvi storie personali parallele".*

*This book contains the English version of the book "Le Ali dell'Uccello Nero" that is a spin-off of the history "The Golden Forest", plus English version contains also the original Portuguese version revised with more divided paragraphs that makes more easy to read, also contains the topic about the spin-off that has some modifications if compared to the one of the book in Italian-French. That is because now the second part of The Golden Forest has already been released and the History of Lina, Larila and Walas had arrived at the Final, so I thought that now was the time to release this spin-off in the languages that the main saga was originally released, so here it is. Ah, and this book also contains Spanish version of the spin-off that I call prequel since I wrote it before the first book of main saga and "The Golden Forest" was developed to better situate this spin-off in a coherent world. This is a parallel story to the golden forest, with emphasis on the characters Walas and the mysterious girl Larila, showing how Larila acquired the powers and especially the reason Walas was the black bird, being the feather (wing) that Larila gave him, although he thought it was a dream, everything was real, Larila just used his power to make Walas think that way. In the Golden Forest second part in its final chapter is resumed part of the dialogue of this spin-off, as well the book explained better the issue of Larila /Lina. It is worth remembering that the spin-off was written before the main saga, so it can be considered a prequel, I am publishing it in English, Portuguese and Spanish given the receptivity of the main story and also the fact that the main story is already available in Italian (in a single volume, the full saga).
