A guide to the secrets of rune-reading, an ancient predictive art, that teaches you how to lay out runes and interpret them instantly. Once the sacred alphabet of the Germanic people of Northern Europe, runes are more than 2,000 years old. Runes (meaning a secret or mystery) were words of power, once carved on amulets, rings and weapons, and found as inscriptions on tombstones. The 1st rune, Fehu, is connected with cattle, and since wealth was measured in the number of cows a person owned, it has an underlying meaning of material wealth. The 11th rune, Isa, literally means 'ice', signifying danger and the probability of slipping up. Likewise, the 17th rune, Tiwaz, shares its significance with the North Star as an aid to navigation and charting life's path. In this insightful book, each of the runes is fully described, together with the symbolic images and celestial phenomena associated with them. Methods of laying out, or 'casting' the runes are described in order to give a full and comprehensive reading to answer any question. There are six spreads to choose from, from Odin's Rune, a simple reading with one rune stone, to using up to nine runes for deeper insight into the past, present and future.

Norse Runic Magick, The Meaning of the Futhark Runes Brittany Nightshade, the author of the popular "Book of Shadows" spellbook series, has released this Runic Handbook for those who would like a compact resource detailing the Elder Futhark Runes and their meanings. This simple beginners handbook is a great reference guide for anyone wanting to familiarize themselves with the meaning behind the Futhark Runes for purposes of Divination, Rune Magick, etching, or if you just want to learn more about these ancient Norse symbols. The runes are the written letters that were used by the Norse and other Germanic peoples before the adoption of the Latin alphabet in the later Middle Ages. Unlike the Latin alphabet, which is an essentially utilitarian script, the runes are pictographs of some of the most powerful forces in the cosmos. In fact, the word "rune" and its cognates across past and present Germanic languages mean both "letter" and "secret/mystery." The letters called "runes" allow one to access, interact with, and influence the world-shaping forces they symbolize. Thus, when Odin sought the runes, he wasn't merely attempting to acquire a set of

arbitrary representations of human vocal sounds. Rather, he was uncovering an extraordinarily potent system of magic. The Runic Handbook covers all 24 Futhark Runes and has a section on common Nordic symbols and their meanings including the Vegvisir, Mjolnir, Yggdrasil, The Valknut, The Helm of Awe, and The Triple Horn of Odin. In the back of the book are large images of each Rune and Symbol with a blank backside for each image so you can write your own notes or even create your own Rune Magick Rituals.

Using inquiry and original translations alongside traditional rune poems and sacred art, Wild Soul Runes invites readers to develop their own wisdom connection with the runes through practice. The book is based on the premise that all of us possess the ability to receive divine information through rune practice. Rather than telling the reader what the runes mean, author Lara Velea Vesta shares an interactive practice for readers to discover the unique ways the runes speak to them. The book covers the history of the runes, both in myth and through the connection with Old European archaeological findings. This history offers evidence for the idea that the runes have a feminine origin, coming from the well of the Norms, the female triple giantesses who represent the fates in Norse myth. It introduces the concept of the runes as beings rather than simply an alphabet or magical tools. The purpose of Wild Soul Runes is to create a relationship with these beings through ancestral connection, personal gnosis, and ritual practice. Readers will learn how to: Make a rune altar Develop a daily ritual practice with the runes Honor the Germanic/Anglo Saxon wheel of the year Craft a rune set and rune ceremonies for divination v

Everything You Need to Know to Interpret, Read and Cast Rune Stones Runes are enigmatic by nature. This is because the word rune itself originates from the Old Norse word runa, which means "secret" and comes likely from either the Proto-Germanic "runo", which means "secret" or "whisper". Since they are ancient symbols, the runes mean little to the untrained eye. But with practice and a little experience with them, you can activate their magical energies to create positive, impactful change in your life. Even so, what are runes exactly? Runes were considered magical symbols used by spirits to communicate with humanity. Not only are runes considered a writing system, but they are engraved stones used to perform magical spells, cast divination, and even add power to conventional writing. The runic alphabet is referred to as the Futhark and consists of 24 symbols. Runic inscriptions are found all over the world, but especially in Northern Europe. The runic alphabet is broken down into three groups: The Younger Futhark (16 symbols), the Elder Futhark (24 symbols) and the Anglo-Saxon Futhark (between 26 and 33 symbols). The knowledge of runes has been passed down through the centuries, and it is an important form of divination for modern pagans. In Runes for Beginners, best-selling author Melissa Gomes explores the history and mythology of the runes, as well as their day-to-day uses in divination, magic, and witchcraft. Runes for Beginners is completely accessible to those with no experience in Norse mythology, heathenry or paganism. It is written with an eye toward those starting on their journey into the Viking spirit. Melissa provides a basic introduction to runes and their lore, and she explains how to get in touch with them through the senses. You will emerge from this guide with a solid understanding of the Nordic runes' role in heathenry and with a firm foundation of knowledge to build your own runic practice, regardless of your religious or spiritual pagan path. The rune symbols are central to Nordic pagans' magical systems and can be used in various ways depending upon the tradition and your intent. Each runic symbol represents a specific type of energy, and these energies can be used to achieve a multitude of goals, spanning from protection to fertility, wisdom, or love. Runes can be used as divination tools in the ordinary sense that we use tarot cards today, or in a magical sense to interpret fate. In Runes for Beginners, you'll learn how to use runes for divination, magic, and witchcraft, including: History of runes and their role in Norse Magic The origins of rune wisdom in Norse Mythology An overview of the Elder Futhark runes, including their names and magical uses Elder Futhark rune meanings for both divination and spellwork Tips for successful divination Rituals for casting the runes Traditional and contemporary rune spreads After reading the book, you will be able to look at the runes and interpret their meanings. You will also have a working knowledge of how to use them in magic for various purposes such as divination, healing, and more. Mastering runes can be a lifelong journey, but this book will get you started on the right path. 3 Bonuses are included in the book as well, so go check them out! A few years back I published my personal spellbook, The Book of Shadows: Red White and Black Magick, and have received great feedback and quite a few emails that I've done my best to respond to. My goal in this book is to bring you accurate information about one of the fastest growing faiths in the world, I've always been extremely interested in the history of witchcraft and I contribute a lot of my spiritual growth with the fact I've learned that history. Everything You Need to Know to Begin Working With Runes The enigmatic nature of the runes is undeniable. In fact, the English word "rune" comes to us from the Norse word *runa*, which means "a secret," or "to whisper." As symbols, the runes mean little to the untrained eye, yet the magical energies they activate can be used for positive, impactful change in your everyday life.

But what are runes, exactly? On the surface level, runes are the characters in a writing system used by the ancient Germanic peoples of Europe. But unlike our modern letters, the runic symbols had been used for magical purposes long before they were fashioned into an alphabet. This is known from runic inscriptions found on ancient artifacts as well as Germanic myth and lore handed down over the centuries. Indeed, those who work with the runes today are taking part in an age-old magical tradition established by our Northern European pagan ancestors. In *Runes for Beginners*, best-selling author Lisa Chamberlain shines the light on these ancient symbols, showing you how to discover and utilize their unique magical energies. With both an eye toward tradition and a multicultural spirit, Lisa combines an appreciation for the Germanic roots of the runes with a more eclectic Neopagan approach. Unlike many other books on the topic, *Runes for Beginners* is completely accessible to those with no experience in Northern European magical traditions, yet it doesn't ignore those traditions altogether. You will emerge from this guide with a basic understanding of the runes' role in ancient Germanic paganism, as well as a solid foundation of knowledge to build your own runic practice, regardless of your religious or spiritual path. **Foundations in Runic Magic and Divination** The runes represent various aspects of the human experience of the Universe—both tangible and intangible. Each runic symbol embodies a natural force, or type of energy, which the rune worker can attune to and then manipulate in various ways. Runes can be sent out into the Universe to manifest a magical goal, or they can be used to consult with the unseen realms about a situation at hand. In *Runes for Beginners*, you'll learn all you need to know to start working with runes, including: The history of the runes and their role within the framework of the Germanic magical worldview The origins of runic wisdom in Norse mythology An overview of the Elder Futhark, the oldest-known runic alphabet and most widely used rune system in contemporary Neopaganism Basic techniques of rune magic, including rune scripts, bind runes, and creating runic talismans How to make your own runes Instructions for traditional rune-casting as well as contemporary rune spreads Tips for successful divination The divinatory meanings and magical uses of each rune in the Elder Futhark A suggested reading list for further exploring the runes and the magical and spiritual traditions of the ancient Germanic peoples Detailed tables of correspondence for a handy condensed magical and divinatory guide By the end of this guide, you will have a working knowledge of the runes that will enable you to use them with confidence in magic and divination. However, when it comes to truly mastering the runes, the importance of time and practice can't be emphasized enough. Indeed, working with runes can truly become a lifelong journey, but *Runes for Beginners* is an excellent first step along the way. If you're ready to start exploring the runes for yourself, just scroll to the top of the page and hit the Buy button!

Praise: "A masterwork by one of the great Elders of the Craft. Raymond Buckland has presented a treasure trove of Wiccan lore. It is a legacy that will provide magic, beauty, and wisdom to future generations of those who seek the ancient paths of the Old Religion."—Ed Fitch, author of *Magical Rites from the Crystal Well* "I read Buckland's Complete Book of Witchcraft with much pleasure. This book contains enough information and know-how for all approaches: the historical, the philosophical, and the pragmatic . . . quite entertaining, as much for the armchair enthusiast as for the practicing occultist."—Marion Zimmer Bradley, author of *The Mists of Avalon* "Never in the history of the Craft has a single book educated as many people, spurred as many spiritual paths, or conjured as much personal possibility as Buckland's Complete Book of Witchcraft."—Dorothy Morrison, author of *The Craft*

I added some extras to my printed book. And... the territories having the rights: USA and Ireland. I read too many stories of the priest, churches leaders and exorcists attacked by the Witchcraft. This cloud of fear around, all their prayers by years without positive effect. Why are they afraid, why that forces can attack "the sons of god", imprisoning them? Why the Witchcraft covens need the protection day and night? Having in the past YouTube channel and blog I was placing some articles and short movies like "are you a Witch, how can you make yourself safe?" - always getting a lot of visits and applause. The explanation, answers and best checked solutions are in this my book! What Iblis is doing here? You will see... This book is for the private persons, libraries, leaders of denominations, others. On book's cover - meet the Lockers, two powerful Spirits able to LOCK the Witches, Covens and their Spiritual helpers. All the Sigils are based on ancient Arabic magic /are translated in book/. I created also a special deck for tracking... 'The Witching Runes'! I am absolutely not in opposition to the Witchcraft, I just don't like and disagree about children raped and killed as a ritual sacrifice. Yes, this book is also about the RSA /Ritual Sexual Abusing/. Base on the real story of Salem and Tituba the Witch, her partner John Indian, curse of the local pastors and their 'white demon'! Did you you know that Tituba was abusing and raping by them? All the things even the Coven will not tell you about - because they don't know!
