(© 2012) This textbook has been found in conformity with the Catechism of the Catholic Church. Our Catholic Faith: Living What We Believe offers a general overview of the Catholic faith as outlined by the four pillars of the Catechism of the Catholic Church and is designed for an introductory Catholic high school theology course. Because students enter Catholic high school with diverse catechetical instruction and experiences, a primary objective of this text is to get students up to speed early in their high school careers. Students are challenged to know Jesus, commit themselves to him through the Church, and to live lives of loving service.

The women God called to bring his chosen people into the world were ordinary women who struggled with emptiness, oppression, inferiority, and loss—yet who found strength and hope in God. In her first book, Sarah Christmyer—codeveloper of The Great Adventure Catholic Bible study program—pairs the stories of key Old Testament women with stories of women she has known to show us how we can hear God, say yes to him, and share him with the world just as they did. Breaking open the scriptures to reveal the historical, cultural, and biblical context in which Old Testament women lived, Sarah Christmyer breathes new life into their stories and makes their lives surprisingly relatable. In the process, she shares stories from her own faith journey and the lives of family and friends to show how the same principles that turned ordinary women into heroines of the faith are true for our lives today. Each chapter of *Becoming Women of the Word* highlights the spiritual legacy of one of the women in the Old Testament. Their world was vastly different from ours, yet they faced the same questions we do: when we can't feel God's presence, where do we find help? When our world is collapsing, where is God? Why should we trust him? How can we trust him? Christmyer simply and clearly draws from the lives of these women important principles that help us to trust—even as we struggle with doubt. From Eve through Eve, we learn to hold on to God's promise even when we fail. Sarah reminds us to wait on God's timing to make us fruitful. Miriam, sister of Moses, shows how to lead by example. Ruth and Esther challenge us to see womanhood as a gift. Hannah and Judith inspire us to trust God even in matters of life and death. These unforgettable portraits create a colorful mosaic of faith, encouraging us to mine God's Word for spiritual treasure and to pass on the gift.

In this first book on the topic written from a Catholic perspective, award-winning writer Mary DeTurrís Poust offers personal, hard-won wisdom on the complex relationship between food and spirituality in *Cravings: A Catholic Wrestles with Food, Self-Image, and God*. Poust draws on the rich appreciation of meals she first gained at the tables of her childhood in an Italian-American family, leading readers into reflection on the connections between eating, self-image, and spirituality. Like Geneen Roth in *Women, Food and God*, but from a uniquely Catholic point of view, Poust helps readers spot ways they use food to avoid or ignore their real desires—for acceptance, understanding, friendship, love, and, indeed, for God. Poust draws from scripture and the great Catholic prayer forms and devotions to assist readers in making intentional changes in their use of food. She also offers reflections on fasting, eating in solidarity with the poor, vegetarianism, and the local food movement.

Theory for Today's Musician, Third Edition, recasts the scope of the traditional music theory course to meet the demands of the professional music world, in a style that speaks directly and engagingly to today's music student. It uses classical, folk, popular, and jazz repertoires with clear explanations that link music theory to musical applications. The authors help prepare students by not only exploring how music theory works in art music, but how it functions within modern music, and why this knowledge will help them become better composers, music teachers, performers, and recording engineers. This broadly comprehensive text merges traditional topics such as part writing and harmony (diatonic, chromatic, neotonal and atonal), with less traditional topics such as counterpoint and musical process, and includes the non-traditional topics of popular music songwriting, jazz harmony and the blues. The accompanying companion website provides interactive exercises that allow students to practice foundational theory skills. Written by experienced authors, both active classroom teachers for many years, *Theory for Today's Musician* is the complete and ideal theory text to enable today's student to accomplish their musical goals tomorrow. Updated and corrected throughout, the Third Edition includes: Expanded coverage of atonality and serialism, now separated into two chapters. Broadened treatment of cadences, including examples from popular music. Substantially rewritten chapter on songwriting. Interactive features of the text simplified to two types, "Concept Checks" and "Review and Reinforcement," for greater ease of use. New and updated musical examples added throughout. Charts, illustrations, and musical examples revised for increased clarity. Audio of musical examples now provided through the companion website. The accompanying Workbook offers exercises and assignments to accompany each chapter in the book. A companion website houses online tutorials with drills of basic concepts, as well as audio. The paperback WORKBOOK is also paired with the corresponding hardback TEXTBOOK in a discounted PACKAGE (9780815371731).

But as for you, continue in what you have learned and firmly believed, knowing from whom you learned it, and how from childhood you have known the sacred writings that are able to instruct you for salvation through faith in Christ Jesus. All scripture is inspired by God and is useful for teaching, for reproof, for correction, and for training in righteousness, so that everyone who belongs to God may be proficient, equipped for every good work. (2 Timothy 3:14-17) The need to build a life based on the Scriptures is just as important today as it was for people during the time Second Timothy was written. God's revelation in the Scriptures provides answers to life's crucial questions. And just like Timothy, each of us can explore the Scriptures to find the guidance we need. This course is designed to provide you with a foundation for a solid Catholic understanding of Scripture. The sessions in this workbook will challenge you to study the New Testament with purpose, to read and proclaim the word of God with faith, and to live that word in every moment.

Bracing and honest, Finding Quiet will validate the experiences of believers with mental illness, remind them they are not alone, and provide reassurance they can not only survive but thrive again. In May 2003 prominent philosopher, author, and professor J. P. Moreland awoke in the middle of the night to a severe panic attack. Though often anxious by temperament and upbringing, Moreland had never experienced such an incident before. Thus began an extended battle with debilitating anxiety and depression. More than a decade later, Moreland continues to manage mental illness. Yet along the way he's moved from shame and despair to vulnerability and hope. In Finding Quiet Moreland comes alongside fellow sufferers with encouragement and practical, hard-won advice. According to the Substance Abuse and Mental Health Services Administration, nearly 20 percent of Americans suffer from mental illness, and people in the pews are not immune. Moreland explores the spiritual and physical aspects of mental illness, pointing readers toward sound sources of information, treatment, and recovery.

The Pew Research Center recently reported that 26 percent of Catholics are giving less because of the sex abuse crisis and reports of misconduct against priests and bishops. That makes the already difficult task of raising money for churches and bishop's appeals much more challenging. Rev. Michael White and Tom Corcoran—award-winning authors of the Rebuilt Parish series—know from twenty years leading Church of the Nativity in Timonium, Maryland, that it's no fun working in a parish struggling to pay the bills. Without money, you can't hire staff to provide the programs you want to offer. You constantly have to beg parishioners to give. You grow frustrated and angry when they fail to respond. Does this sound familiar? In ChurchMoney, White and Corcoran will help you learn the basic skills you need to discover that true success in raising funds comes from the incredibly freeing approach that connects giving to discipleship. The two share their stories of success and failure. They tell us what they learned to meet the real financial challenges of their mission. They offer the practical wisdom and inspiration you need to tackle the thorny matter of raising money in your Catholic parish. White and Corcoran share the lessons, facts, habits, and great ideas they've implemented from some of the most successful and vibrant churches in the United States. ChurchMoney offers a proven plan for raising money in parishes. It's readily adaptable, firmly rooted in the reality of leading a Catholic parish, based on the Bible, and finessed with the best advice of communication professionals. You will read stories of embarrassing failure and exhilarating success in tripling a budget and running three extraordinarily successful capital campaigns over a ten-year period including their most recent campaign leading to the construction of \$16 million sanctuary built debt free. They have increased staff fourfold and significantly raised salaries and increased staff benefits while expanding mission outreach both locally and internationally.

It covers the essentials of vocal development, auditions, literature, rehearsals, classroom management, and practical matters.

A new method of music theory education for undergraduate music students, Harmony, Counterpoint, Partimento is grounded in schema theory and partimento, and takes an integrated, hands-on approach to the teaching of harmony and counterpoint in today's classrooms and studios. A

textbook in three parts, the package includes: · the hardcopy text, providing essential stylistic and technical information and repertoire discussion; · an online workbook with a full range of exercises, including partimenti by Fenaroli, Sala, and others, along with arrangements of eighteenth- and nineteenth-century compositions; · an online instructor's manual providing additional information and realizations of all exercises. Linking theoretical knowledge with aural perception and aesthetic experience, the exercises encompass various activities, such as singing, playing, improvising, and notation, which challenge and develop the student's harmonic, melodic, and rhythmic imagination. Covering the common-practice period (Corelli to Brahms), Harmony, Counterpoint, Partimento is a core component of practice-oriented training of musicianship skills, in conjunction with solfeggio, analysis, and modal or tonal counterpoint.

A Guide to Encountering the Powerful Love of Jesus in Your Life

Includes authors, titles, subjects.

During the past 30 years, a quiet revolution has taken place in Christianity. People of all ages are finding the need for daily prayer. Many are encountering Jesus anew through ancient yet new forms of prayer. "Quiet Pentecosts" are happening as Christians engage in spiritual practices. Congregations feel the power of the Holy Spirit at work as they participate in thoughtful reading of scripture, walking the labyrinth, prayerful listening to one another, spiritual direction, and more. At a time when denominations are declining and the church seems to be fighting for survival, Dwight Judy sees hope for the future in the practices of spiritual formation. "The practices of spiritual formation take us outside of the noisy and frenetic activity our popular culture encourages," Judy writes. "We need to be taught how to be together in a spirit of respectful listening to one another. We will not learn this art from our television commentators. We will rarely witness such moments of genuine care in national or international politics." In *A Quiet Pentecost*, he recounts the stories of more than 40 congregations being transformed by spiritual practices. This book addresses the following topics: evangelism and spiritual formation praying the scriptures (lectio divina) spiritual practices in small groups healing prayer multisensory worship (evening prayer and Taizé) congregational discernment prayer ministries health and wellness ministries centering prayer and much more! A wonderful resource for churches and individuals interested in reenergizing their spiritual life. Perfect for laypersons or clergy who want guidance in establishing or expanding spiritual formation ministries; also helpful for seminary classes.

Michele Faehnle and Emily Jaminet are busy wives, mothers, and volunteers. They are also friends, Catholic speakers, and the dedicated coauthors of *Divine Mercy for Moms*, which continues to inspire women to come together to pray, study, and live in friendship around the Divine Mercy devotion. In the midst of their active lives, Faehnle and Jaminet found themselves missing their old friends and searching for new ones. They also realized that they needed to continually work to develop deep, meaningful relationships that would allow them to be themselves, to care for others and be cared for, and to deepen their Catholic faith. In *The Friendship Project*, Faehnle and Jaminet explore the cardinal and theological virtues with an eye toward friendship. Focusing on faith, hope, love, prudence, gratitude, loyalty, generosity, and prayerfulness, they help us answer questions such as, "What does it mean to be women of hope, and how does that change our lives and make us more compassionate friends during difficult times?" and "How does prayerfulness teach us how to listen to and talk with both God and our friends, which helps us reach out to those we love?" Faehnle and Jaminet answer these questions and more

by employing Church teaching and telling us stories of their own friendships and those from the lives of saints and biblical women—including the Blessed Virgin Mary and St. Elizabeth, St. Thérèse of Lisieux and her sister Servant of God Léonie, and Sts. Perpetua and Felicity. Not only will you be drawn closer to friends both new and old but you'll also be reminded how these friendships—and the virtues you practice to nurture them—draw you closer to God. Prayers, discussion questions, and a study guide make this a perfect resource for women's groups

Understanding Our Story presents a concise introduction to the original, transformative thinking of Adrian van Kaam, CSSp, PhD (1920-2007). While many books are available on "spiritual formation" and "Christian disciplines," no other author of our time has offered such a holistic and comprehensive explanation of Christian formation and its relationship to the human spirituality of all persons. Understanding our Story culls the most seminal ideas and vocabulary from van Kaam's eleven volumes on formation science, formation anthropology, and formation theology, and provides examples of his theoretical-practical research drawn from everyday life, Scripture, Christian writers, and van Kaam's life story itself. In doing so, it makes his extensive work available to scholars in the field of spiritual formation, and gives all readers the opportunity to utilize his insightful thinking to more fully understand the myriad ways in which God reforms and transforms lives into the image of Christ. In the pluritraditional world in which we live, where so many faith and formation traditions demand our attention, van Kaam's formative spirituality provides a means of respectful dialogue with formationally relevant truths from others and of wise appraisal of ideas that are (and are not) conducive to, and compatible with, the Christian revelation.

In the tradition of such beloved spiritual teachers as Francis MacNutt and Michael Scanlan, Be Healed: A Guide to Encountering the Powerful Love of Jesus in Your Life offers in book form Bob Schuchts' s popular program for spiritual, emotional, and physical healing through the power of the Holy Spirit and the sacraments. This renowned program for spiritual restoration is steeped in scripture and the wisdom of the Catholic Church. Deeply intimate and vulnerable about his own journey of healing, Catholic therapist Bob Schuchts connects with his readers by sharing the series of betrayals he endured in high school—his father's infidelity, his parents' divorce, and his older brother's drug addiction—and his subsequent seasons of struggle with God and faith. Be Healed is based on the program first used in dioceses across the United States to form the hearts and minds of Catholic clergy. Schuchts' s trusted process for finding inner peace and healing is now expanded to serve the entire body of Christ, helping people recognize their brokenness and find hope in the risen Christ.

(© 2015) The Subcommittee on the Catechism, United States Conference of Catholic Bishops, has found that this catechetical high school text is in conformity with the Catechism of the Catholic Church and fulfills the requirements of Core Course IV of the Doctrinal Elements of a Curriculum Framework for the Development of Catechetical Materials for Young People of High School Age. Students deepen their understanding of Jesus Christ, the fullness of God's Revelation, as they encounter him in the living Body of Christ, the Catholic Church. Jesus and the Church: One, Holy, Catholic, Apostolic supports Course IV of the USCCB curriculum and is the first high school textbook released by Ave Maria Press in its new Encountering Jesus series. As they engage with the content of this text, students will recognize Christ present and active in their lives through the visible and vibrant mission of Church, defined by her four characteristics--one, holy, catholic, and apostolic. While Jesus and the Church places the foundations of the Church in their historical and scriptural context, the textbook goes further by guiding students to recognize the sacred nature of the Church and engaging them to more actively participate in the living Body of Christ and serve as witnesses to the sacred Gospel in the world today. Simply put, the goal of the book--as in the Encountering Jesus series as a whole--is to change the lives of students by making real-life connections between what they are learning about the Church and how they encounter Jesus in the contemporary world.
