Help your child develop early math skills with the I Know Addition & Subtraction workbook. I Know Addition & Subtraction for ages 4+ teaches your child to add within 10 and to subtract numbers up to 10. This early learning workbook features fun, colorful activities to keep young children engaged in learning. I Know Addition and Subtraction includes special bonus flashcards to assist in developing critical thinking and to encourage your child to apply new skills. This workbook also includes stickers to help you motivate and reward your child for a job well done. With colorful and engaging activities, the I Know series helps children ages 3+ master early learning skills. Each page features fun, easy-to-do activities that teach letters, numbers, words, and more. All of the I Know workbooks include creative extension activities to help your child develop critical thinking skills, apply what they have learned, and make personal connections. Give your child the practice they need for school success with the I Know series!

Practicing addition and subtraction skills can be easy and fun with clear instructions, step-by-step examples, and colorful illustrations. Engaging activities teach and reinforce place value, regrouping, fact families, and more.

We believe kids get better at math with practice, resulting in confidence and positive attitude towards math that is required to excel in school. This workbook provides kids with additional math practice that reinforces and complements what is taught at school. There are no pictures or word problems, and focus on mastery of basic addition and subtraction. This workbook combines traditional addition and subtraction math problems, with number bond problems. Many elementary schools teach math using Number Bonds, and we want kids to have practice on both traditional math questions and number bonds to build fluency and speed in basic arithmetic.

This 1th grade workbook book is designed to provide first grade student with practice in key skill area, including: Reading and writing numerals Measurement, Time and graphing. Fact Strategies Solving Problems Addition and Subtraction Number Pattern Place Value The set of black lines also includes the following: This introduction The complete listing of the student pages group by skills. Answer keys This pages may also serve as a source of: Skill review Informal Paper and pencil assessment. Preparation for standardized testing. Differentiated Instruction. Certain pages have been marked with a challenge icon. These pages may not be appropriate for all the student in your classroom; consider assigning them selectively. FEATURES: Specifications: This kids Logic Critical Thinking and Problem Solving book for kids is designed and illustrated in a manner that successfully piques their interest, and keeps them engaged in a problem-solving activity. View: As your child maneuvers through the math puzzel book, it helps to boost strategic thinking and fine motor control. Utility: This book is not just a book for kids to solve, but a fun activity that aids them to strengthen logical and analytical capabilities from a very young age, which can be implemented as they grow up. Use Right Away: Easy to flip the paper. Capability: it helps to boost strategic thinking and fine motor control. Expectation: provide first grade student Durable Construction: Quality and sturdy paper resists curling and ink bleed-through, and durable binding ensures longevity throughout the year. Recommendation: This activity book for kids is designed and illustrated in a manner that successfully piques their interest, and keeps them engaged in a problem-solving activity. Early childhood education is vital when it comes to overall development in children, so it is up to parents and teachers to find new ways to get their attention and make them fall in love with the learning process.place your order now.

Second Grade Workbook, Timed Tests, Ages 4 to 8 Years

Give students the targeted, skill-building practice they need with these standards-based books! Each workbook includes more than 40 ready-to-reproduce practice pages. Easy-to-follow directions and fun exercises motivate students to work on their own. Every activity in each book is correlated to state standards. For use with Grade 1.

We believe kids get better at math with practice, resulting in confidence and positive attitude towards math that is required to excel in school. This workbook is intended for 2nd graders, where students have already mastered single digit addition and subtraction. This workbook provides kids with additional math practice that complements and supplements what is taught at school. The focus is on key foundational mathematics basics: addition, subtraction, and introduction to multiplication, division, geometry, and fractions. Note: Many schools do not start multiplication or division until 3rd grade, but we are covering these concepts here since it does take time and practice to get comfortable with multiplication and division.

Math is part of children's everyday lives. Math is measuring, sorting, building, noticing patterns, making comparisons, and describing the environment, as well as counting and knowing the names of shapes. There are many ways to incorporate math learning into everyday moments. Our Addition and Subtraction Workbook features: □ 10 "I know my numbers" worksheets followed by 50 fun, different activities/ exercises; □ Skill areas include addition and subtraction, multiplication time, money, fractions and much more; □ All the activities help sharpen fine motor skills, visual perceptual skills, and problem-solving skills; □ This Addition and subtraction for kids is a fun and engaging workbook for kids ages 6, 7, 8 - first and second grade; □ 8.5" x 11", 77 pages, Paperback Glossy Cover, Perfect Bound. This first grade math workbook for 1st graders is intended to help children learn the necessary fundamentals of first grade math and second grade math. If you are looking for a fun way to boost your child's learning, while providing hours of screen-free entertainment, then click "Add to cart". P.S. Please check out our collection of books by clicking on Pencil (Author). Much appreciated!
