A compelling global storytelling approach to world history

Owen and Bethany try to find their way back to each other after the fictional and nonfictional worlds are torn apart in this fifth and final book in the New York Times bestselling series, Story Thieves—which was called a “fast-paced, action-packed tale” by School Library Journal—from the author of the Half Upon a Time trilogy. Bethany and Owen have failed. The villain they have come to know as Nobody has ripped asunder the fictional and nonfictional worlds, destroying their connection. Bethany has been split in two, with her fictional and nonfictional selves living in the separate realms. But weirdly, no one seems to mind. Owen—and every other nonfictional person—have lost their imaginations, so they can't picture their lives any differently. Then Owen gets trapped in a dark, dystopian reality five years in the future, where nothing is needed more desperately than the power to imagine. Fictional Bethany is thrilled to be training with her father as his new sidekick, Twilight Girl—until she realizes that the fictional reality will fade away completely without the nonfictional world to hold it together. In this final installment of the genre-bending Story Thieves series, Owen and Bethany will be forced to risk everything to defeat Nobody and save multiple realities.

The most global approach to world history, now more streamlined and accessible.

The most globally integrated book in its field, Worlds Together, Worlds Apart is now available in a Concise Edition. Drawing even clearer connections and comparisons across time and place, this re-imagined text and companion adaptive learning program provide a wealth of new tools that will enhance reading comprehension and develop fundamental critical thinking and history skills.

In this second edition, the book's non-Eurocentric approach continues with expansions of the original eleven world history "turning point" stories from the modern period to include ten more "turning point" stories from the earlier periods of world history. From the history of the world's first cities built on the great rivers of Afro-Eurasia, to the formation of the Silk Road, to the rise of nation-states, and the story of modern globalization, Worlds Together, Worlds Apart provides students with the stories that changed history and enables them to make the connections they need in order to better understand how the world came to be what it is today.
