In this remarkable memoir, Anna Goldsworthy recalls her first steps towards a life in music, from childhood piano lessons with a local jazz muso to international success as a concert pianist. As she discovers passion and ambition, and confronts doubt and disappointment, she learns about much more than tone and technique. This is a story of the getting of wisdom, tender and bittersweet. With wit and affection, Goldsworthy captures the hopes and uncertainties of youth, the fear and exhilaration of performing, and the complex bonds between teacher and student. An unforgettable cast of characters joins her: her family; her friends and rivals; and her teacher, Mrs Sivan, who inspires and challenges her in equal measure, and who transforms what seems an impossible dream into something real and sustaining. This collection of 28 short, melodious pieces by J. S. Bach was compiled and edited by Walter Carroll in order to provide a varied set of easier compositions for study by pianists first being introduced to Bach's work. Includes 11 Minuets, 4 Polonaises, 3 Marches, 2 Musettes, a Bourree, 4 Gavottes, a Scherzo, a Sarabande, and a Prelude.

Modern academic criticism bursts with what Eve Kosofsky Sedgwick once termed paranoid readings—interpretative feats that aim to prove a point, persuade an audience, and subtly denigrate anyone who disagrees. Driven by strategies of negation and suspicion, such rhetoric tends to drown out softer-spoken reparative efforts, which forego forceful argument in favor of ruminations on pleasure, love, sentiment, reform, care, and accessibility. Just Vibrations: The Purpose of Sounding Good calls for a time-out in our serious games of critical

exchange. Charting the divergent paths of paranoid and reparative affects through illness narratives, academic work, queer life, noise pollution, sonic torture, and other touchy subjects, William Cheng exposes a host of stubborn norms in our daily orientations toward scholarship, self, and sound. How we choose to think about the perpetration and tolerance of critical and acoustic offenses may ultimately lead us down avenues of ethical ruin—or, if we choose, repair. With recourse to experimental rhetoric, interdisciplinary discretion, and the playful wisdoms of childhood, Cheng contends that reparative attitudes toward music and musicology can serve as barometers of better worlds.

Cici. B's debut novel, Letters To My Ex, is a collection of letters written to a past love over a three year period of time that was never sent to him---but they are far from your typical love letters. If you are looking for a politically correct story, one with words that float on sugar-coated clouds as the sun sets, this story isn't for you. Heartbroken and confused, Cici. B pours her unfiltered emotions onto the pages. This isn't a "light read" or a "how to guide." It is raw, vulnerable and vivid. These letters tell the story of a woman who gave her all to a man, was broken, her journey of discovery, and self-healing. This novel is for all of the women who have given their everything to the wrong man, because sometimes, just knowing that someone has experienced and survived the same pain as you, can make all the difference in the world.
