

Writing With Stardust The Ultimate Descriptive For Students Parents Teachers And Writers

Three great scientific revolutions have shaped our understanding of the cosmos and our relationship to it. The sixteenth and seventeenth centuries witnessed the Copernican Revolution, which bodychecked the Earth as the pivot point of creation and joined us with the rest of the cosmos as one planet among many orbiting the Sun. Three centuries later came the second great scientific revolution: the Darwinian Revolution. It removed us from a distinct, divine biological status to place us wholly in the ebb and flow of all terrestrial life. This book describes how we're in the midst of a third great scientific revolution, five centuries in the making: the Stardust Revolution. It is the marriage of the realms of astronomy and evolutionary biology, and of the Copernican and Darwinian Revolutions, placing life in a cosmic context. The Stardust Revolution takes readers on a grand journey that begins on the summit of California's Mount Wilson, where astronomers first realized that the universe is both expanding and evolving, to a radio telescope used to identify how organic molecules—the building blocks of life—are made by stars. It's an epic story told through a scientific cast that includes some of the twentieth century's greatest minds—including Nobel laureate Charles Townes, who discovered cosmic water—as well as the most ambitious scientific explorers of the twenty-first century, those racing to find another living planet. Today, an entirely new breed of scientists—astrobiologists and astrochemists—are taking the study of life into the space age. Astrobiologists study the origins, evolution, and distribution of life, not just on Earth, but in the universe. Stardust science is filling in the missing links in our evolutionary story, ones that extend our family tree back to the stars.

An in-depth study of the history of Yiddish theater in America follows it from its origins in nineteenth-century Eastern Europe, its journey to the Lower East Side of New York in 1910s and 1920s with Jewish immigrants, and its ultimate decline in the face of assimilation and changing world events. Reprint. Process to Product is written by industry professional Brian Herskowitz, an award winning writer, producer, director with twenty-five years of teaching experience. The book guides the student writer through the process of screenwriting, simply and clearly, from the development of an idea through the finished, polished script. Easy to understand with in-depth examples and helpful exercises, this book puts the reader on the path to the best screenplay they can create.

Hailed by The New York Times for writing "with wonderful clarity about science. . . . that effortlessly teaches as it zips along," nationally bestselling author Robert M. Hazen offers a radical new approach to Earth history in this intertwined tale of the planet's living and nonliving spheres. With an astrobiologist's imagination, a historian's perspective, and a naturalist's eye, Hazen calls upon twenty-first-century discoveries that have revolutionized geology and enabled scientists to envision Earth's many iterations in vivid detail—from the mile-high lava tides of its infancy to the early organisms responsible for more than two-thirds of the mineral varieties beneath our feet. Lucid, controversial, and on the cutting edge of its field, The Story of Earth is popular science of the highest order. "A sweeping rip-roaring yarn of immense scope, from the birth of the elements in the stars to meditations on the future habitability of our world." -Science "A fascinating story." -Bill McKibben

Journeying to Seakirk castle to research jewels for his latest creation, Jake Kilchurn is transported back in time to medieval England where he finds the woman of his dreams in Amanda de Piaget, but the constraints of time threaten their love. Original.

Having gone from kidnapped faux princess to the legitimate heir to an intergalactic throne, an impulsive, sarcastic teen must take charge of her own destiny in this epic YA novel. On Earth, Delaney is a normal teenager who recently graduated high school with a fantastic best friend and a loving boyfriend. But Delaney isn't on Earth. She's on Xenith, a war-torn planet half a galaxy away. One day, the mysterious, alien princess, Delaney has gone from kidnapped impostor to recognized heir to an alien throne. David and she's engaged to be married in a cosmic context. The less father is on the planet. Tom between two planets, two faces, and two loves, Delaney is finally ready to choose her own destiny in Within Ash and Stardust, the stunning conclusion to Chani Lynn Feener's Xenith Trilogy. Praise for the Xenith Trilogy: "A thoughtful, sexy adventure with winning characters just begging for a bedtime read." —VOYA on Amid Stars and Darkness "[A] pulse-pounding adventure." —Booklist on Between Frost and Fury "A highly motivational resource." The Midwest Book Review At some point in their career, all writers experience either the pain of rejection, discouragement, disappointment, and/or other hazards of the writing life. The key is to identify the obstacles ahead and know how to overcome them. - Learn the truth about failure. - Discover the ultimate dream killer. - Find out how to get rid of a wet blanket - Discover the one secret every full-time writer knows - And much more This revised and update edition includes information for indie authors, expands on the necessary traits of long-term professionals and addresses other changes in the industry. Your destiny is at hand!

Critical Essays

Writing with Stardust will launch your writing skills into a different orbit. It not only shows you how to write, it teaches you how to look at the world with an 'artist's eye'. Spring is described as nature's defibrillator in the book. In the same way, the techniques used here will be the high voltage pacemaker you have been looking for in your writing. Ready to greet you are females with constellation-blue eyes and megawatt smiles. Males with Hercules-gold hair move like panthers in slow-mo. Thumb plump bumblebees, wings a-thrum, loot from honeypots of mustard-yellow flowers. Willowy waterfalls swoop into infinity pools while the stars above sparkle like angel fire. Pine and peat, mint and meringue; all the smells and tastes you could wish for are inside. Join us on a multisensory voyage of discovery that will change the way you think forever. Nature can be a cruel mistress, however. Blood-red moons leer over boiling seas while mariners try to defy ancient curses. Grim faced men fight for their lives under starless skies and sun blasted deserts burn hotter than Greek fire. Even the lightning flashes like the cold, gold prongs of the Apocalypse. The book provides a platform for students, parents, teachers and lovers of English to launch their descriptive powers into a new orbit. The word banks contain words for five different levels of ability. Whether you are a young English student or a seasoned scribe, you will find that this book will transform the way you think about descriptive writing.

It doesn't fetch coffee or make cookies. It just helps make your writing dreams come true. The writing journey can be long and lonely. It's easy to get lost in the weeds of your story, not sure where you are headed . . . or why. Wouldn't it be nice to have a guide along the way? Someone to point you in the right direction, and keep you motivated? Meet your buddy. A manuscript companion to the foundational writer's workbook How to Write a Brilliant Novel, and advanced writer's guide, Advanced Brilliant Writing, My Brilliant Book Buddy puts feet to all the steps needed to create a powerful book, guiding you through character creation, plotting the inner and outer journey, creating essential scenes, and wordpainting. With step-by-step instruction, it helps you craft the perfect black moment, and pushes you on all the way to the climatic ending. "The Book Buddy is my new best friend! It takes all of the helpful tools, charts and tips from Inside Out and Deep and Wide and puts them in one place. It's like having Susan May Warren in the room helping you craft your story! I can't recommend it highly enough!" Melissa Tagg multi-published romance author You'll never write a book alone again.

The Anarchist's Guide to Grammar: "Banish the "rules" of grammar in the U.S.!" Is the revolution called for by author Val Dumond. "Scary? Of course, but drastic measures must be taken. Just look at the state of language today! The time is now! Stand up and reclaim it!" "We've been taking U.S. language for granted," claims this long-time writer. We make several assumptions: 1) that we have a language called "Proper English"; 2) that a set of "rules" lies in some mysterious place, written by some mysterious authority; 3) that one must follow those "rules" to speak and write correctly. Not so! The time has arrived to banish what we call "rules" and expose the assumptions." Dumond asks: What would happen if we all spoke the language of our heritage? We would quickly learn the sound of the Tower of Babel - since US-language has come about by combining languages from (at least) 150 countries around the world. As immigrants enter the country, they bring with them new ideas, cultures, foods, music, and language. As they become settled, they combine their culture with US-ers, thus enriching all of us in the United States, including our language. In an amusing Introduction, Val explains how we have assumed there exists an incontrovertible set of grammar "rules" to be followed in order to speak proper, correct, good English. "We're not in England anymore!" she points out. Oh yes, we started out with British "rules," but as we declared our independence, language changed, and continues to change. Do you really understand ordinary British English? Numerous pundits over time have drawn up what they consider the "rules" of grammar and forced them on their students. Yet, when those students run up against someone who studied a different set of "rules," confusion and doubt rear their heads. Must we in the U.S. speak "proper English" or do we have a language all our own? After clarifying the conundrum of US-language, Dumond offers guidelines to aid writers in determining what constitutes understandable language. Those guidelines don't depend on memorizing all the crazy names for the parts of language, but rather the guidelines focus on how those parts function. Nouns and pronouns become Things; adjectives and adverbs become Modifiers; punctuation becomes Rules of the Road - all presented in easily understood language, with examples to boot. Included in the guidelines are ways to decide which nouns to capitalize how to discern the difference between plural and possessive nouns how pronouns perform ways to vary word modifiers how to add modifying phrases and clauses use of the little words that serve as the glue to connect words into sentences how to use the dots, dashes, and curly cues we call punctuation. But she doesn't stop there. Writers will especially enjoy the freedom offered to create new words and put together sentences and paragraphs. She offers suggestions to use numbers and inclusive language, as well as offering four ways to improve spelling. The solution to the confusion of US-language seems so simple. Look at the "rules" that come close to your interpretation, then modify them to make them work for you. Set up Your Style Manual, rather than depend on style manuals put together according to some other group's interpretations. And she shows you how. All this is included in The Anarchist's Guide to Grammar: toss out the assumptions, clarify them, pick up some basic, helpful guidelines, and write with power and assurance. No longer will you need to ask, "What are the rules for writing Proper English?" At last, you'll understand why there aren't any. At last you can write your own guidelines.

Unleash your child's personality with this brightly coloured, rainbow, paint effect Children's Story Writing paper composition book! Red Panda Publishing produces great quality, colourful composition books, sketchbooks and journals with beautiful designs on the cover to give you incredible choice when selecting your stationary for school, college, work or use at home. Have you always wanted to write a book but, just never get around to it? Do you lack confidence in yourself as a writer? Need inspiration? How to Write a Book in a Week (A Writer's Guide to Meeting a Deadline) is the answer to all of these questions and more.

Stardust Lost, Stardust Found are colorful Yiddish stage readings back to life. Both of ancient traditions straining back to the drama of the Old Testament, the Yiddish theater was a vibrant part of the immigrant experience. Kanfer invokes the energy, belief, and pure chutzpah it took to establish and run the thriving, influential theaters. He weaves the nightly drama and comedy that played out behind the scenes as well as onstage, and introduces all the players—actors, divas, playwrights, directors, and producers—who made it possible. A richly evocative chronicle of its brief but dazzling existence in America, this is both an elegy for and a tribute to Yiddish theater—lost, but not forgotten.

"Write right - right now - the book by Walter M. Perkins is entertaining and informative for anyone who has ever wanted to write AND publish a book but did not know the steps. The book is broken into easy-to-understand components. Perkins emphasizes the business aspects of writing a book and sheds light on issues such as doing business with graphic designers, agents, publishers, and printers"- Taken from Amazon.com November 7, 2014.

The Author's Book Journal is a must have for anyone writing a book or a novel. It easily lets you keep track of events and characters in your chapters. There are dedicated pages for 100 chapters, plus main character profiles, secondary characters profiles and also pages to note reference research sources, acknowledgements, quotes, notes, prologue, epilogue, back cover blurb, beta readers, ARC reviews, publishing details, author details. You also have some extra pages at the back for making notes on ideas for your next book. Keep all your book information in one handy place. Journal size 7x10 inches.

One of the most prolific authors in the history of history's most widely read magazine, The Reader's Digest, award winning Roving Editor John G. Hubbell, recalls the adventures and thrills of four exciting decades of writing for an immense worldwide audience. One of the greatest thrills, he says, was hearing the founding Editor-in-Chief, the legendary Dwight D. Lusk, instruct him on the day he brought him aboard to go wherever he had to go to find the information he needed for a story: "if you have to go to Timbuktu to get a paragraph to make a story right, you don't have to ask anyone's permission. Just be sure that when you bring in a story that it is definitive, that it contains everything that is worth knowing about the subject."Armed with that charge, Hubbell takes his reader where no reporter had gone before: "Through the Strategic Air Command's survival training program in the Sierra Nevada Mountains. "Through the training tank at the U.S. Navy's Submarine Training School, a ten-story-high silo filled with a quarter million gallons of water in which helpfully undersea warriors must prove they are not claustrophobic, and learn how to avoid a lung-destroying pulmonary embolism while escaping a downed boat. "On a realistic orbital flight around the world on NASA's fantastic space flight simulator. "On an exciting ride on the Navy's first nuclear-powered attack submarine. "To the discovery of a newly developing U.S. Army group called "Special Forces," which the world will soon come to know as "The Green Berets. "To the discovery of an anti-then supersecret six-year-old Navy group called SEALs. "Through an objectively detailed investigation of the Kennedy Administration's behavior during the Cuban Missile Crisis. "To southeastern Spain to find the facts when the U.S. loses a hydrogen bomb. "To the facts about the Johnson Administration's conduct of the Vietnam War. "To the facts about the alleged "peace" that has obtained in Korea since the end of the Korean War, and about the North Korean seizure of the U.S.S. Pueblo and the Court of Inquiry that followed. "To the details of the American Prisoner of War Experience in Vietnam, in a work that the Washington Post characterized as "the standard book on the subject. "If you were one of the millions who valued DeWitt Wallace's Reader's Digest, you'll love "Writing for Wally."

"Blue-Sky Thinking, Teachers' Guide" is a book for the modern teacher. It starts with 60 free lesson plans. This covers the month of September and October for the teacher, even if you are teaching six classes a week. The rest of the months have pre-prepared lessons. The teacher simply has to fill in the lesson plans in the book. This is a book designed to make the teacher's life as comfortable as possible. Nearly every lesson has a recommended internet site or audio-visual aid to augment each lesson. These were chosen with great care and will save you hundreds of hours looking for the best sites to visit. It gives invaluable tips on current teaching philosophies and explores the key areas of fluid, critical and conceptual intelligences. It also shows how to adapt your teaching methodology to help the myriad intelligence groups in your class to flourish. It will show them how patterns are a crucial part of English and it will enable them to maximise their potential in a changing school and workplace environment. All the solutions you require to the workbook are within and it will help you to prepare for the school year with the minimum of fuss. There are Blank Monthly and Yearly plans to fill in if you wish to cherry-pick the lessons you are prioritising. All told, there are very few books as pro-teacher, generic and all-encompassing as this Teachers' Guide is. "Writing for Wally" is a book that brings together two-dozen scholarly articles that address the core of Allen's work from a variety of cultural and theoretical perspectives. With a special emphasis on his films of the 1980s, this collection includes both general essays that examine various themes and issues encompassed in Allen's repertoire, as well as discussions that focus on one or two specific films. General essays explore Allen's Jewish background as a religious and cultural facet, his apparent love affair with New York City, and his relation to various strains of humor, particularly American film humor, but also Allen's broad use of such traditional comic tropes as irony and parody. The essays on individual films include examinations of some of Allen's most significant work including Love and Death, Annie Hall, Interiors, Crimes and Misdemeanors, Hannah and Her Sisters, Manhattan, and Shadows and Fog. A number of the articles collected here were originally published in now hard to locate places, while others were selected from journals not usually associated with film studies. The result is an anthology of essays that presents an overview of the central issues raised by Allen's body of work as well as a close examination of fourteen individual films that convey these larger themes. A wide-ranging exploration of one of America's most innovative and productive modern directors, this book should appeal to both professionals and students of contemporary film comedy.

Provides a toolbox of issues for consideration and recommendations for how to conduct a writers' workshop and offer critique that fundamentally respects the writer and the work.

Two strangers, one city, four days, one night, one lie and a fantastic journey. "When We Clicked" is my twisted love story. I am Akhil Parlekar, a Mumbaikar in my early twenties. Like every other Mumbaikar I love my city, consider Sachin Tendulkar a God fantasize about Katrina Kaif, but I am about to die. Before I was dying, I lived my life in four days, when we clicked. It was love at first sight for me, but not for her. I spent the four days with her wandering in the city, thinking that she would fall in love with me, but the night that followed the fourth day, changed everything. This journey is about emotions like humour, lust, hatred, betrayal, heroism, friendship and the biggest emotion of them all; love. I am letting you in my heart as well as my brain, you be the judge if this is a love story or not. "You are the protagonist of your life's story, the central character around which all the other characters and incidents occur. When the protagonist of your story changes to someone else, you are in love. That person becomes the central character of your story and everything else revolves around the person you love."

"Genevieve Buchanan inherited a castle - and a ghost to go along with it. But Kendrick de Piaget was no typical ghost. He was a handsome and infuriatingly arrogant thirteenth-century knight. At first he wanted to frighten Genevieve, though she was more charmed than scared by his ghostly tricks. But when his thoughts turned to wooing her instead, Genevieve had to face her greatest fear: falling in love." - from publisher's web site.

Newly Revised and Updated for 2015, Complete with Table of Contents and Index, and two bonus short stories by the author. ... In 2001 the author taught a series of Lessons at mysticvisions.com, a former online writers' group. This "How-To" book contains the Four Lessons with private optional assignments that can be applied to short stories, novellas, novels, articles, essays, etc., along with a wealth of knowledge in easy, simple language, that can boost your writing abilities and present your work at its best to a prospective editor. The author, Paula Freda, is a published writer, for the past 40 years.

My Brilliant Book Buddy

A collection of writings by the Writers of the Round Table, a group of writers who "write to the prompt."

In his 20 year affiliation with Jim Henson's Muppets Joseph A. Bailey was a staff writer on both Sesame Street and The Muppet Show. He also co-wrote the television specials Big Bird in China, Christmas Eve on Sesame Street and Rocky Mountain Holiday, starring John Denver and the Muppets on location in Aspen, Colorado. Additionally, Mr. Bailey wrote Sesame Street song lyrics, albums, five 90-minute Sesame Street Live! musicals, Muppet Business Meeting Films and special material for Big Bird's appearances in the White House and Carnegie Hall. The Muppet Show guest stars he wrote for include George Burns, Bob Hope, Steve Martin, Rudolf Nureyev, John Cleese, Milton Berle and Peter Sellers. For his writing, Mr. Bailey has garnered 5 Emmys, 3 Emmy nominations, a Writers Guild of America Award and a George Foster Peabody Award. Mr. Bailey lives in Manhattan with his wife, Gail. He indulges in occasional long-distance motorcycle trips and claims to speak French and play piano to the ultimate amusement of others.
