1686, Iceland. Betrothed unexpectedly to Jon Eriksson, Rosa travels to the isolated, windswept village of Stykkisholmur. Here, the villagers are suspicious of outsiders - especially one from the everdark edge of civilisation. But Rosa harbours her own suspicions. Her husband buried his first wife alone in the dead of night. He will not talk of it. Instead he gives her a small glass figurine. She does not know what it signifies. The villagers look on them both not only with suspicion - but dread. They whisper dark threats. There is an evil here - she can feel it. Alone and far from home, Rosa sees the darkness coming. She fears she will be its next victim . . .

With vivid and unflinching prose, Nicole Lundrigan has created a riveting and deeply human saga of the persistence of evil and the depths and limits of love. When Roy Trench is killed in a drunken prank gone wrong, his brother Lewis sees blood on the hands of the man responsible: the abusive alcoholic, Eli Fagan. Though the courts rule the death an accident, the event opens a seam of hate between the two families of Knife's Point, Newfoundland. Desperate to smother the painful past with love, Lewis marries Wilda, and the pleasure he takes in their two children -- Melvin and Toby -- recalls the happier days of his childhood with Roy. But as he watches his small family fracture, the darkness of the past begins to cloud the present, leading Lewis back to Eli Fagan -- and his watchful stepson, Garrett Glass. In the style of Newfoundland literature, established by Michael Crummey and Lisa Moore, Glass Boys is the haunting story of an unforgivable crime that brings two families to the brink.

A novel

Blending science fiction and dark fantasy, this monumental Victorian thriller is a dazzling feast for the senses: an action-packed roller-coaster ride of suspense, betrayal, and richly fevered dreams. It starts with a simple note. Roger Bascombe regretfully wishes to inform Celeste Temple that their engagement is forthwith terminated. Determined to find out why, Miss Temple takes the first step in a journey that will propel her into

a dizzyingly seductive, utterly shocking world beyond her imagining. Nothing could have prepared Miss Temple for the things she would find behind the closed doors of forbidding Harschmort Manor: men and women in provocative disguise, acts of licentiousness and violence, heroism and awakening. But she will also find two allies: Cardinal Chang, a brutal assassin with the heart of a poet, and a royal doctor named Svenson, at once fumbling and heroic—both of whom, like her, lost someone at Harschmort Manor. As the unlikely trio search for answers, hurtling them from elegant brothels to gaslit alleyways to shocking moments of self-discovery, they are confronted by puzzles within puzzles. And the closer they get to the truth, the more their lives are in danger. For the conspiracy they face—an astonishing alchemy of science, perverted religion, and lust for power—is so terrifying as to be beyond belief. Praise for The Glass Books of the Dream Eaters “The most original thing I’ve read in years: deftly executed, relentlessly inventive, and with a trio of the most unusual and engaging heroes who ever took on a sinister cabal out to rule the world by means of sex and dreams.”—Diana Gabaldon “A tale that combines swashbuckling adventure, a big dose of science fiction and burgeoning romance.”—USA Today “Rich . . . studded with treats . . . beautifully written.”—Entertainment Weekly “Sweeping, highly original and absorbing . . . defies categorization.”—The Dallas Morning News

Frozen meets The Bloody Chamber in this feminist fantasy reimagining of the Snow White fairytale At sixteen, Mina's mother is dead, her magician father is vicious, and her silent heart has never beat with love for anyone—has never beat at all, in fact, but she’d always thought that fact normal. She never guessed that her father cut out her heart and replaced it with one of glass. When she moves to Whitespring Castle and sees its king for the first time, Mina forms a plan: win the king’s heart with her beauty, become queen, and finally know love. The only catch is that she’ll have to become a stepmother. Fifteen-year-old Lynet looks just like her late mother, and one day she discovers why: a magician created her out of snow in the dead queen’s image, at her father’s order. But despite being the dead queen made flesh, Lynet would rather be like her fierce and regal stepmother, Mina. She gets her wish when her father makes Lynet queen of the southern territories, displacing Mina. Now Mina is starting to look at Lynet with something like hatred, and Lynet must decide what to do—and who to be—to win back the only mother she’s ever known...or else defeat her once and for all. Entwining the stories of both Lynet and Mina in the past and present, Girls Made of Snow and Glass traces the relationship of two young women doomed to be rivals from the start. Only one can win all, while the other must lose everything—unless both can find a way to reshape themselves and their story. “In Girls Made of Snow and Glass, Melissa Bashardoust has given us exquisite displays of magic, complex mother-daughter

relationships, and gloriously powerful women triumphing in a world that does not want them to be powerful. A gorgeous, feminist fairy tale.” —Traci Chee, New York Times bestselling author of The Reader “Melissa Bashardoust's debut novel is everything a fairy tale should be.” —Jodi Meadows, New York Times bestselling coauthor of My Lady Jane “Dark, fantastical, hauntingly evocative.” —Kirkus Reviews, starred review
Can anything break the ties that bind? Two families are torn apart by love, secrets and betrayal in the aftermath of the Second World War in Judith Lennox's spellbinding novel Written on Glass. Perfect for fans of Santa Montefiore and Lucinda Riley. It is 1946 and the old families of the Temperleys and the Chancellors have been neighbours on the South Coast of England for many years. Now the younger generation has been touched by the Second World War. Reserved, principled and cool-headed Marius Temperley has left the army and is struggling to fit into civilian life. His twenty-one year old sister, Julia, is quick-tempered, proud and passionate and, since her father's recent death, has been running the family business, fiercely independent in her ambitions. Handsome, but emotionally distant Jack Chancellor has been demobbed and has another problem to face. Both he and his younger, more naive and impetuous brother Will, are in love with Julia. Jack doesn't want to lose her, but his sweet, slightly gawky cousin, Topaz, lets slip that their imperious Aunt Carrie has a plan for him: if he leaves Julia, he will inherit Sixfields, the beautiful family farm. As the years go by, the family secrets come out, and it seems that the ties that bind can change relationships for ever... What readers are saying about Written on Glass: 'Beautifully written, poignant and haunting... a book that I have never forgotten' 'I couldn't put this book down, and I look forward to reading more from this wonderful author' 'One of the best books I have ever read'

Introducing a dazzling new literary voice--a wholly original novel as groundbreaking as the works of Eimear McBride and Max Porter. Something has happened to Peach. Staggering around the town streets in the aftermath of an assault, Peach feels a trickle of blood down her legs, a lingering smell of her anonymous attacker on her skin. It hurts to walk, but she manages to make her way to her home, where she stumbles into another oddly nightmarish reality: Her parents can't seem to comprehend that anything has happened to their daughter. The next morning, Peach tries to return to the routines of her ordinary life, going to classes, spending time with her boyfriend, Green, trying to find comfort in the thought of her upcoming departure for college. And yet, as Peach struggles through the next few days, she is stalked by the memories of her unacknowledged trauma. Sleeping is hard when she is haunted by the glimpses of that stranger's gaping mouth. Working is hard when her assailant's rancid smell still fills her nostrils. Eating is impossible when her stomach is swollen tight as a drum. Though she tries to close her eyes to what has happened, Peach at last begins to understand the drastic, gruesome action she must take. In this astonishing debut, Emma Glass articulates the unspeakable

with breathtaking verve. Intensely physical, with rhythmic, visceral prose, Peach marks the arrival of a visionary new voice.

Alex Fitzpatrick, transplanted Jersey girl, has recently moved to Sherman, Nebraska and opened her own pub. Sherman is on the map, but sometimes Alex feels she's living in a time warp. The little boys have crew cuts and the residents smile and say hello to strangers. No one locks their doors. Then, on a cold October night, *Book Ends*, a wonderful Main Street bookstore, burns down with the owner, Alex's friend Barb, inside. As Alex grieves, her initial unease about the fire deepens into a conviction that it was arson. She digs into Barb's past and finds enemies there: an abusive ex-husband-a farmer embittered by their divorce-and closer to home, God's Warriors, a secretive local men's group: think Promise Keepers meets Ku Klux Klan. Becoming a detective was not Alex's game plan and sometimes she feels like a Miss Marple impersonator. But Alex is determined to discover who set the fire. Humor helps her keep things in perspective. She's also helped by her wisecracking friend Kathy (her instructor in Nebraska 101) and Chris, a beautiful photographer to whom she is secretly, unwillingly attracted. But someone wants them to stop, and pranks escalate into threats. To discover the arsonist, Alex must decode the often mystifying culture of Sherman, Nebraska, whose sunny surface conceals more darkness than she'd bargained for. Ultimately, her investigation will force her to confront this question: does a Jersey tomato belong in Nebraska dirt? This is the first book in the Alex Fitzpatrick mystery series.

Dancing on Broken Glass

Chiara has always dreamed of finding love. With her family on the brink of financial ruin, though, it's money she really needs. What she gets is Leandra, a seasoned con artist who makes an unconventional fairy godmother. Leandra has a plan, and Chiara's just desperate enough to go along with it. Occasionally-charming Domenico isn't quite a prince. He's an English earl living a secret, quiet life in Venice, at least until he makes an ill-considered bet with Giacomo Casanova. Now Domenico has a second false identity to maintain, as well as a glass slipper to find. With all that to deal with, he needs to avoid distractions-like the irresistible stranger he keeps running into. The only problem is, he's falling in love with her. Dancing with Domenico is the best feeling Chiara's ever had and, as Carnevale draws to a close, she realises she's found the man of her dreams. Now all she has to do is break his heart...

"Outside a remote manor house in an idyllic wood, a baby girl is found. The Harrington family takes her in and disbelief quickly turns to joy. They're grieving a terrible tragedy of their own and the beautiful baby fills them with hope, lighting up the house's dark, dusty corners. Desperate not to lose her to the authorities, they keep her secret, suspended in a blissful summer world where normal rules of behaviour - and the law - don't seem to apply. But within days a body will lie dead in the grounds. And their dreams of a perfect family will shatter like glass. Years later, the truth will need to be put back together again, piece by piece . . ."--Publisher description.

By the award-winning author of A History of Reading "For me, words on a page give the world coherence--Words tell us what we, as a society, believe the world to be--I believe there is an ethic of reading--a commitment that is both political and private in the act of turning the pages. And I believe that sometimes, beyond the author's intentions and beyond the reader's hopes, a book can make us better and wiser." Through personal stories and literary reflections, in a style rich in humour and gentle erudition, Manguel leads us, the readers, to reflect upon the pleasures and responsibilities of reading, and the links that exist between the world we live in, and the words we live amongst. Into the Looking-Glass Wood is a voyage into the subversive heart of words - a voyage fired by the author's humanity and extraordinary breadth of vision.

On a sunny fall afternoon in 1988, Jon Sarkin was playing golf when, without a whisper of warning, his life changed forever. As he bent down to pick up his golf ball, something strange and massive happened inside his head; part of his brain seemed to unhinge, to split apart and float away. For an utterly inexplicable reason, a tiny blood vessel, thin as a thread, deep inside the folds of his gray matter had suddenly shifted ever so slightly, rubbing up against his acoustic nerve. Any noise now caused him excruciating pain. After months of seeking treatment to no avail, in desperation Sarkin resorted to radical deep-brain surgery, which seemed to go well until during recovery his brain began to bleed and he suffered a major stroke. When he awoke, he was a different man. Before the stroke, he was a calm, disciplined chiropractor, a happily married husband and father of a newborn son. Now he was transformed into a volatile and wildly exuberant obsessive, seized by a manic desire to create art, devoting virtually all his waking hours to furiously drawing, painting, and writing poems and letters to himself, strangely detached from his wife and child, and unable to return to his normal working life. His sense of self had been shattered, his intellect intact but his way of being drastically altered. His art became a relentless quest for the right words and pictures to unlock the secrets of how to live this strange new life. And what was even stranger was that he remembered his former self. In a beautifully crafted narrative, award-winning journalist and Pulitzer Prize finalist Amy Ellis Nutt interweaves Sarkin's remarkable story with a fascinating tour of the history of and latest findings in neuroscience and evolution that illuminate how the brain produces, from its web of billions of neurons and chaos of liquid electrical pulses, the richness of human experience that makes us who we are. Nutt brings vividly to life pivotal moments of discovery in neuroscience, from the shocking "rebirth" of a young girl hanged in 1650 to the first autopsy of an autistic savant's brain, and the extraordinary true stories of people whose personalities and cognitive abilities were dramatically altered by brain trauma, often in shocking ways. Probing recent revelations about the workings of creativity in the brain and the role of art in the evolution of human intelligence, she reveals how Jon Sarkin's obsessive need to create mirrors the earliest function of art in the brain. Introducing major findings about how our sense of self transcends the bounds of our own bodies, she explores how it is that the

brain generates an individual "self" and how, if damage to our brains can so alter who we are, we can nonetheless be said to have a soul. For Jon Sarkin, with his personality and sense of self permanently altered, making art became his bridge back to life, a means of reassembling from the shards of his former self a new man who could rejoin his family and fashion a viable life. He is now an acclaimed artist who exhibits at some of the country's most prestigious venues, as well as a devoted husband to his wife, Kim, and father to their three children. At once wrenching and inspiring, this is a story of the remarkable human capacity to overcome the most daunting obstacles and of the extraordinary workings of the human mind.

INTERNATIONAL BESTSELLER • From the award-winning author of *Station Eleven*, an exhilarating novel set at the glittering intersection of two seemingly disparate events—the exposure of a massive criminal enterprise and the mysterious disappearance of a woman from a ship at sea. "The perfect novel ... Freshly mysterious." —*The Washington Post* Vincent is a bartender at the Hotel Caiette, a five-star lodging on the northernmost tip of Vancouver Island. On the night she meets Jonathan Alkaitis, a hooded figure scrawls a message on the lobby's glass wall: Why don't you swallow broken glass. High above

Manhattan, a greater crime is committed: Alkatis's billion-dollar business is really nothing more than a game of smoke and mirrors. When his scheme collapses, it obliterates countless fortunes and devastates lives. Vincent, who had been posing as Jonathan's wife, walks away into the night. Years later, a victim of the fraud is hired to investigate a strange occurrence: a woman has seemingly vanished from the deck of a container ship between ports of call. In this captivating story of crisis and survival, Emily St. John Mandel takes readers through often hidden landscapes: campgrounds for the near-homeless, underground electronica clubs, service in luxury hotels, and life in a federal prison. Rife with unexpected beauty, *The Glass Hotel* is a captivating portrait of greed and guilt, love and delusion, ghosts and unintended consequences, and the infinite ways we search for meaning in our lives. From the survivor of ten Nazi concentration camps who went on to create the New England Holocaust Memorial, a "devastating...inspirational" memoir (*The Today Show*) about finding strength in the face of despair. On August 14, 2017, two days after a white-supremacist activist rammed his car into a group of anti-Fascist protestors, killing one and injuring nineteen, the New England Holocaust Memorial was vandalized for the second time in as many months. At the base of one of its fifty-four-foot glass towers lay a pile of shards. For Steve Ross, the image called to mind *Kristallnacht*, the Night of Broken Glass in which German authorities ransacked Jewish-owned buildings with sledgehammers. Ross was eight years old when the Nazis invaded his Polish village, forcing his family to flee. He spent his next six years in a day-to-day struggle to survive the notorious camps in which he was imprisoned, Auschwitz-Birkenau and Dachau among them. When he was finally liberated, he no longer knew how old he was, he was literally starving to death, and everyone in his family except for his brother had been killed. Ross learned in his darkest experiences--by observing and enduring inconceivable cruelty as well as by receiving compassion from caring fellow prisoners--the human capacity to rise above even the bleakest circumstances. He decided to devote himself to underprivileged youth, aiming to ensure that despite the obstacles in their lives they would never experience suffering like he had. Over the course of a nearly forty-year career as a psychologist working in the Boston city schools, that was exactly what he did. At the end of his career, he spearheaded the creation of the New England Holocaust Memorial, a site millions of people including young students visit every year. Equal parts heartrending, brutal, and inspiring, *From Broken Glass* is the story of how one man survived the unimaginable and helped lead a new

The tyrannous Huntsmen have declared everyone in one village to be outlaws, since they insist on supporting the magical beings of neighbouring Darkwood. Why won't they accept that magic is an abomination? Far from being abominable, the residents of Darkwood are actually very nice when you get to know them, even Snow the White Knight, who can get a bit tetchy when people remind her she's a Princess. In order to stop the Huntsmen from wiping out all magical beings, Snow and her friends have to venture into the Badlands of Ashtrie, and seek the support of the Glass Witch – but she has plans of her own, and let's just say they're not good ones.
