A NEW YORK TIMES NOTABLE BOOK OF THE YEAR

- The first Black winner of the Nobel Prize in Literature gives us a tour de force, combining "elements of a murder mystery, a searing political satire and an Alice in Wonderland-like modern allegory of power and deceit" (Los Angeles Times).

In an imaginary Nigeria, a cunning entrepreneur is selling body parts stolen from Dr. Menka's hospital for use in ritualistic practices. Dr. Menka shares the grisly news with his oldest college friend, bon viveur, star engineer, and Yoruba royal, Duyole Pitan-Payne. The life of every party, Duyole is about to assume a prestigious post at the United Nations

in New York, but it now seems that someone is determined that he not make it there. And neither Dr. Menka nor Duyole knows why, or how close the enemy is, or how powerful. Chronicles from the Land of the Happiest People on Earth is at once a literary hoot, a crafty whodunit, and a scathing indictment of political and social corruption. It is a stirring call to arms against the abuse of power from one of our fiercest political activists, who also happens to be a global literary giant.

Training rescued hoomans is a stressful and tiring job, but someone has to do it. Get ready for lots of laughs and awww-moments, because The Finn Chronicles is a unique story told by an extraordinary dog. He's irreverent, funny, and full of sass. Based on his real life, join Finn as he issues weekly reports back to the K9 Rescue Headquarters on the strange behaviors and rituals of his rescue-hoomans. With sarcastic wit, he observes the curious world around him, heroically saves his unwitting hoomans from dangers (see also: evil electric toothbrush), and shares his musings about the often-lackluster level of service he feels he receives.

The Make-or-Break Year

#1 New York Times bestselling author Nora Roberts introduces an unforgettable thief in an unputdownable new novel... Greed. Desire. Obsession. Revenge . . . It's all in a night's work. Harry Booth started stealing at nine to keep a roof over his ailing mother's head, slipping into luxurious, empty homes at night to find items he could trade for precious cash. When his mother finally succumbed to cancer, he left Chicago—but kept up his nightwork, developing into a master thief with a code of honor and an expertise in not attracting attention?or getting attached. Until he meets Miranda Emerson, and the powerful bond between them upends all his rules. But along the way, Booth has made some dangerous associations, including the ruthless Carter LaPorte, who sees Booth as a tool he controls for his own profit. Knowing LaPorte will leverage any personal connection, Booth abandons Miranda for her own safety—cruelly, with no explanation—and disappears. But the bond between Miranda and Booth is too strong, pulling them inexorably back together. Now Booth must face LaPorte, to truly free himself and Miranda once and for all.

From the National Book Award-winning author of Just Kids and M Train, a profound, beautifully realized

memoir in which dreams and reality are vividly woven into a tapestry of one transformative year. Following a run of New Year's concerts at San Francisco's legendary Fillmore, Patti Smith finds herself tramping the coast of Santa Cruz, about to embark on a year of solitary wandering. Unfettered by logic or time, she draws us into her private wonderland with no design, yet heeding signs--including a talking sign that looms above her, prodding and sparring like the Cheshire Cat. In February, a surreal lunar year begins, bringing with it unexpected turns, heightened mischief, and inescapable sorrow. In a stranger's words, "Anything is possible: after all, it's the Year of the Monkey." For Smith--inveterately curious, always exploring, tracking thoughts, writing--the year evolves as one of reckoning with the changes in life's gyre: with loss, aging, and a dramatic shift in the political landscape of America. Smith melds the western landscape with her own dreamscape. Taking us from California to the Arizona desert; to a Kentucky farm as the amanuensis of a friend in crisis; to the hospital room of a valued mentor; and by turns to remembered and imagined places, this haunting memoir blends fact and fiction with poetic mastery. The unexpected happens; grief and disillusionment set in. But as Smith heads toward a new decade in her own life, she offers this balm to the reader: her wisdom, wit, gimlet eye, and above all, a rugged hope for a better world. Riveting, elegant, often humorous, illustrated by Smith's signature Polaroids, Year of the Monkey is a moving and original work, a touchstone for our turbulent times.

The instant #1 New York Times bestseller | A Washington Post Notable Book | One of NPR's Best Books of 2021 The definitive behind-the-scenes story of Trump's final year in office, by Phil Rucker and Carol Leonnig, the Pulitzer-Prize winning reporters and authors of A Very Stable Genius. "Chilling." - Anderson Cooper "Jaw-dropping." - John Berman "Shocking." - John Heilemann "Explosive." - Hallie Jackson "Blockbuster new reporting." - Nicolle Wallace "Bracing new revelations." - Brian Williams "Bombshell reporting." - David Muir The true story of what took place in Donald Trump's White House during a disastrous 2020 has never before been told in full. What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about election fraud? To answer these questions, Phil Rucker and Carol Leonnig reveal a dysfunctional and bumbling presidency's inner workings in unprecedented, stunning detail. Focused on Trump and the key players around him—the doctors, generals, senior advisers, and Trump family members— Rucker and Leonnig provide a forensic account of the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of him longing to deploy the military to the streets of American cities to crush the protest movement in the wake of the killing of George Floyd,

all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously—even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged—economically, medically, and politically—by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump’s supporters so easily breached the most sacred halls of American democracy, and how the president reacted. With unparalleled access, Rucker and Leonnig explain and expose exactly who enabled—and who foiled—Trump as he sought desperately to cling to power. A classic and heart-racing work of investigative reporting, this book is destined to be read and studied by citizens and historians alike for decades to come. Comprehensive guide to building and caring for an aquaponic garden, and raising organic fish and vegetables together.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker

Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

A heartbreaking and hilarious memoir by iCarly and *Sam & Cat* star Jennette McCurdy about her struggles as a former child actor—including eating disorders, addiction, and a complicated relationship with her overbearing mother—and how she retook control of her life. Jennette McCurdy was six years old when she had her first acting audition. Her mother's dream was for her only daughter to become a star, and Jennette would do anything to make her

mother happy. So she went along with what Mom called “calorie restriction,” eating little and weighing herself five times a day. She endured extensive at-home makeovers while Mom chided, “Your eyelashes are invisible, okay? You think Dakota Fanning doesn’t tint hers?” She was even showered by Mom until age sixteen while sharing her diaries, email, and all her income. In *I’m Glad My Mom Died*, Jennette recounts all this in unflinching detail—just as she chronicles what happens when the dream finally comes true. Cast in a new Nickelodeon series called *iCarly*, she is thrust into fame. Though Mom is ecstatic, emailing fan club moderators and getting on a first-name basis with the paparazzi (“Hi Gale!”), Jennette is riddled with anxiety, shame, and self-loathing, which manifest into eating disorders, addiction, and a series of unhealthy relationships. These issues only get worse when, soon after taking the lead in the *iCarly* spinoff *Sam & Cat* alongside Ariana Grande, her mother dies of cancer. Finally, after discovering therapy and quitting acting, Jennette embarks on recovery and decides for the first time in her life what she really wants. Told with refreshing candor and dark humor, *I’m Glad My Mom Died* is an inspiring story of resilience, independence, and the joy of shampooing your own hair.

restore the mystical shield that once protected them all—she will need an army behind her...

I was thirteen years old when I originally thought of the story, and have written and rewritten it more times than I can count. But six years ago, I met my wife a Filipina from Manila, and there I discovered the wonderful and gracious people of the Philippines. After realizing I would have children of mixed racial birth. I decided I wanted to give them a hero to look up to from their own culture. I then re-did all nine books; this time the racial, religious and cultural differences gave the book a more defined nature, one of which I was proud. I had given up long ago on trying to get an agent or a publisher to take interest in my book, but that was never my goal. My goal was to give my children a hero of their own heritage, and to inspire them. Win or lose, they win. The Year is 2079 and the earth has recently been discovered by a ruthless alien race known as the T-Challa. Their plan is to enslave the population and to strip the earth of all its resources to maintain and expand their vast empire. However the earth is not without hope, another alien race called the X'ena's have sent a symbiotic probe to earth to help defend her from the T-Challa. The Probe which takes the name Paladin merges with a human named Caleb Ocoda as well as an ancient battleship from a century ago and transforms both into a force to protect the earth. Caleb then man's his ship with the best the earth has to offer as they go out and defend the earth successfully defeating the small fleet sent by the T-Challa. Unfortunately the ship suffers damage and it affects Caleb wounding him, it is quickly discovered that Caleb is dying and with him the mighty ship named Paladin, the only defense of earth. After searching all possible answers to save himself and protect the earth, Caleb decides to find the X'ena to see if they can cure him before his death, but time is short and the single ship must travel through the heart of the T-Challa Empire to find the X'ena and save Caleb. Will they succeed?

"A remarkable book." –Washington Post An entirely fresh approach to ending the high school dropout crisis is revealed in this groundbreaking chronicle of unprecedented transformation in a city notorious for its "failing schools" In eighth grade, Eric thought he was going places. But by his second semester of freshman year at Hancock High, his D's in Environmental Science and French, plus an F in Mr. Castillo's Honors Algebra class, might have suggested otherwise. Research shows that students with more than one semester F during their freshman year are very unlikely to graduate. If Eric had attended Hancock—or any number of Chicago's public high schools—just a decade earlier, chances are good he would have dropped out. Instead, Hancock's new way of responding to failing grades, missed homework, and other red flags made it possible for Eric to get back on track.

The Make-or-Break Year is the largely untold story of how a simple idea—that reorganizing schools to get students through the treacherous transitions of freshman year greatly increases the odds of those students graduating—changed the course of two Chicago high schools, an entire school system, and thousands of lives. Marshaling groundbreaking research on the teenage brain, peer relationships, and academic performance, journalist turned communications expert Emily Krone Phillips details the emergence of Freshman OnTrack, a program-cum-movement that is translating knowledge into action—and revolutionizing how teachers grade, mete out discipline, and provide social, emotional, and academic support to their students. This vivid description of real change in a faulty system will captivate anyone who cares about improving our nation's schools; it will inspire educators and families to reimagine their relationships with students like Eric, and others whose stories affirm the pivotal nature of ninth grade for all young people. In a moment of relentless focus on what doesn't work in education and the public sphere, Phillips's dramatic account examines what does.
