Tokyo Geek's Guide

Tokyo is ground zero for Japan's famous "geek" or otaku culture--a phenomenon that has now swept across the globe. This is the most comprehensive Japan travel guide ever produced which features Tokyo's geeky underworld. It provides a comprehensive run-down of each major Tokyo district where geeks congregate, shop, play and hang out--from hi-tech Akihabara and trendy Harajuku to newer and lesser-known haunts like chic Shimo-Kita and working-class Ikebukuro. Dozens of iconic shops, restaurants, cafes and clubs in each area are described in loving detail with precise directions to get to each location. Maps, URLs, opening hours and over 400 fascinating color photographs bring you around Tokyo on an unforgettable trip to the centers of Japanese manga, anime and geek culture. Interviews with local otaku experts and people on the street let you see the world from their perspective and provide insights into Tokyo and Japanese culture, which will only continue to spread around the globe. Japanese pop culture, in its myriad forms, is more widespread today than ever before--with J-Pop artists playing through speakers everywhere, Japanese manga filling every bookstore; anime cartoons on TV; and toys and video games, like Pokemon Go, played by tens of millions of people. Swarms of visitors come to Tokyo each year on a personal quest to soak in all the otaku-related sights and enjoy Japanese manga, anime, gaming and idol culture at its very source. This is the go-to resource for those planning a trip, or simply dreaming of visiting one day!

The gripping first installment in New York Times bestselling author Tahereh Mafi's Shatter Me series. One touch is all it takes. One touch, and Juliette Ferrars can leave a fully grown man gasping for air. One touch, and she can kill. No one knows why Juliette has such incredible power. It feels like a curse, a burden that one person alone could never bear. But The Reestablishment sees it as a gift, sees her as an opportunity. An opportunity for a deadly weapon. Juliette has never fought for herself before. But when she's reunited with the one person who ever cared about her, she finds a strength she never knew she had. And don't miss Defy Me, the shocking fifth book in the Shatter Me series!

First English publication of all four of Sekien's masterworks: The Illustrated Demons' Night Parade, More Illustrated Demons from Past and Present, Even More Demons from Past and Present, and An Idle Horde of Things.

The Legend of Shogunyan

Beyond Points, Badges, and Leaderboards

Nate grows tired of Jibanyan's and Whisper's lazy attitudes and finds a new Yo-kai to partner with. Then he heads for Gargaros Island! Is a new Yo-Kai legend in the making?!! -- VIZ Media

After noticing Ben's strange behavior, Gwen and Kevin find out that an impostor has taken Ben's place in order to steal the Omnitrix.

Contacting the heavens is easy with a smartphone, and so is keeping tabs on the demons with Facebook. Order the latest drink at Starbucks and pop that sucker on Insta! Jesus and Buddha are living large in the mortal world on their vacation in Tachikawa, Tokyo.

A guide for mining the imagination to find powerful new ways to succeed. We need imagination now more than ever—to find new opportunities, rethink our businesses, and discover paths to growth. Yet too many companies have lost their ability to imagine. What is this mysterious capacity? How does imagination work? And how can organizations keep it alive and harness it in a systematic way? The Imagination Machine answers these questions and more. Drawing on the experience and insights of CEOs across several industries, as well as lessons from neuroscience, computer science, psychology, and philosophy, Martin Reeves of Boston Consulting Group's Henderson Institute and Jack Fuller, an expert in neuroscience, provide a fascinating look into the mechanics of imagination and lay out a process for creating ideas and bringing them to life: The Seduction: How to open yourself up to surprises The Idea: How to generate new ideas The Collision: How to rethink your idea based on real-world feedback The Epidemic: How to spread an evolving idea to others The New Ordinary: How to turn your novel idea into an accepted reality The Encore: How to repeat the process—again and again. Imagination is one of the least understood but most crucial ingredients of success. It's what makes the difference between an incremental change and the kinds of pivots and paradigm shifts that are essential to transformation—especially during a crisis. The Imagination Machine is the guide you need to demystify and operationalize this powerful human capacity, to inject new life into your company, and to head into unknown territory with the right tools at your disposal.

Learn all about implementing a good gamification design into your products, workplace, and lifestyle Key Features Explore what makes a game fun and engaging Gain insight into the Octalysis Framework and its applications Discover the potential of the Core Drives of gamification through real-world scenarios Book Description Effective gamification is a combination of game design, game dynamics, user experience, and ROI-driving business implementations. This book explores the interplay between these disciplines and captures the core principles that contribute to a good gamification design. The book starts with an overview of the Octalysis Framework and the 8 Core Drives that can be used to build strategies around the various systems that make games engaging. As the book progresses, each chapter delves deep into a Core Drive, explaining its design and how it should be used. Finally, to apply all the concepts and techniques that you learn throughout, the book contains a brief showcase of using the Octalysis Framework to design a project experience from scratch. After reading this book, you'll have the knowledge and skills to enable the widespread adoption of good gamification and human-focused design in all types of industries. What you will learn Discover ways to use gamification techniques in real-world situations Design fun, engaging, and rewarding experiences with Octalysis Understand what gamification means and how to categorize it Leverage the power of different Core Drives in your applications Explore how Left Brain and Right Brain Core Drives differ in motivation and design methodologies Examine the fascinating intricacies of White Hat and Black Hat Core Drives Who this book is for Anyone who wants to implement gamification principles and techniques into their products, workplace, and lifestyle will find this book useful.

Monsters, ghosts, fantastic beings, and supernatural phenomena of all sorts haunt the folklore and popular culture of Japan. Broadly labeled yokai, these creatures come in infinite shapes and sizes, from tengu mountain goblins and kappa water spirits to shape-shifting foxes and long-tongued ceiling-lickers. Currently popular in anime, manga, film, and computer games, many yokai originated in local legends, folktales, and regional ghost stories. Drawing on years of research in Japan, Michael Dylan Foster unpacks the history and cultural context of yokai, tracing their roots, interpreting their meanings, and introducing people who have hunted them through the ages. In this delightful and accessible narrative, readers will explore the roles played by these mysterious beings within Japanese culture and will also learn of their abundance and variety through detailed entries, some with original illustrations, on more than fifty individual creatures. The Book of Yokai provides a lively excursion into Japanese folklore and its ever-expanding influence on global popular culture. It also invites readers to examine how people create, transmit, and collect folklore, and how they make sense of the mysteries in the world around them. By exploring yokai as a concept, we can better understand broader processes of tradition, innovation, storytelling, and individual and communal creativity.

Providing rare insight into the topic of Japanese management, this book looks at how Japanese companies changed after the economic recession of the 1990s and the decade-long restructuring process. With 12 case studies, this book investigates crisis management, strategy development, merger and globalization in a structured and descriptive manner. It aims to support students and decision-makers to learn more about strategic Japanese management and effective decision-making.

Actionable Gamification

Nate is introduced into the world of the Yo-kai when he frees the Yo-kai butler Whisper from a capsule machine and receives the Yo-kai Watch, which allows him to see and help other Yo-kai. This Level 2 reader is based on the popular children's anime show airing on the Disney channel.

You play as either Nate or Katie, who while on a mission to find some bugs for a summer project, stumble upon a mysterious machine in the woods. Using it reveals a loud-mouthed Yokai named Whisper, who ends up giving you

a Yokai Watch, letting him/her see the world of Yokai that surrounds them. It is now up to you to go around town, investigating mysteries, helping people out and making sure the Yokai behave themselves. Let us guide you on a mystical adventure through Springdale and beyond to befriend all of the Yokai in our comprehensive Yokai Watch strategy guide! Our extensive guide includes: - Complete walkthrough of the main story; - Detailed strategies for the postgame content; - Solutions for all Requests and Favors; - Locations for the harder to find Yokai.

This book offers a thorough investigation of the recent surge of webtoons and manga/animation as the sources of transmedia storytelling for popular culture, not only in East Asia but in the wider global context. An international team of experts employ a unique theoretical framework of media convergence supported by transmedia storytelling, alongside historical and textual analyses, to examine the ways in which webtoons and anime become some of the major sources for transmedia storytelling. The book historicizes the evolution of regional popular culture according to the surrounding digital media ecology, driving the change and continuity of the manhwa industry over the past 15 years, and discusses whether cultural products utilizing transmedia storytelling take a major role as the primary local cultural product in the cultural market. Offering new perspectives on current debates surrounding transmedia storytelling in the cultural industries, this book will be of great interest to scholars and students of media studies, East Asian studies and cultural studies.
