‘Who gave the drugs to the Beatles? I didn’t invent those things. I bought it from someone who got it from somebody. We never invented the stuff.’ – John Lennon
Riding So High charts the Beatles’ extraordinary odyssey from teenage drinking and pill-popping, to cannabis, LSD, the psychedelic Summer of Love and the darkness beyond.

Drugs were central to the Beatles’ story from the beginning. The acid, pills and powders helped form bonds, provided escape from the chaos of Beatlemania, and inspired colossal leaps in songwriting and recording. But they also led to break-ups, breakdowns, drug busts and prison. The only full-length study of the Beatles and drugs, Riding

So High tells of getting stoned, kaleidoscope eyes, excess, loss and redemption, with a far-out cast including speeding Beatniks, a rogue dentist, a script-happy aristocratic doctor, corrupt police officers and Hollywood Vampires. ‘The deeper you go, the higher you fly...’

Carol Tyler has been a professional (and highly acclaimed) cartoonist for over 20 years, appearing in such venues as Weirdo, Wimmen's Comix, and Drawn & Quarterly magazine. But over the years her status as a working mother has drastically curtailed her ability to set aside time for her cartooning. Thus each rare new story from her pen has been greeted with hurrahsas well they should be, because she's one of the most skillful, caustic, and emphatic cartoon storytellers of her generation. This new book presents the biggest, richest and most delightful collection of Tyler's work to date featuring many new and previously unpublished works. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 13.9px Arial; color: #424242}

These 18 stories probe the lies and secrets, the "fictions" in the lives of of parents and children, siblings, Germans and Jews, confused adolescents, and elderly lovers. ...".The actors in these beautiful, often sad stories carry with them complex histories of desire and pain, often longing for what they can't or shouldn't have. You've met them, fathers and mothers, daughters, sisters, uncles, lovers, presented here with humor and dignity, with a keen and dispassionate eye, reminiscent of another great Canadian storyteller, Rosen's cast will surprise you, instant by instant." - Daniel Coshnear, Occupy & Other Love Stories "In Rosen's book, amidst gorgeous imagery, people we care about stumble through attraction and betrayal. And move over Portnoy, with your raw liver in a milk bottle. Let a girl show you how it's done. The title story contains the most imaginative portrayal of self-pleasuring you'll ever read." - Norma Watkins, The Last Resort: Taking the Mississippi Cure "A young woman prepares to declare her independence from her parents only to discover that her mother is secretly struggling for her own autonomy; a free-spirited bartender deftly plays off the two women who try to hold him; an elderly husband tries to protect a favorite vacation spot from the encroachments of youth and time. Each situation opens a window onto another universal aspect of human character. Children, young people and the aged all have a voice here, and almost every one of them either hides a secret or uncovers someone else's. Rosen's writing is crisp and precise. Without a single excess word she paints a series of varied pictures ranging from the German countryside, a working-class Toronto neighborhood, or the American open road. Each story is a pleasure to read, and the collection as a whole demonstrates Rosen's talent in a dazzling variety of times, places and themes." - Ruhama Velfort, Strange Attractors Just because you'd give your best friend everything doesn't mean she has to take it. On the heels of a divorce, all Danielle Meyers wants is her annual vacation with sassy, life-long best friend, Smidge—complete with umbrella cocktails by an infinity pool—but instead she's hit with the curveball of a lifetime. Smidge takes Danielle to the middle of nowhere to reveal a diagnosis of terminal cancer, followed by an unusual request: “After I’m gone, I want you to finish the job. Marry my husband. Raise my daughter. I’m gonna teach you to how to be Smidge 2.0.” As Danielle wrestles with this major life decision, she finds herself torn between being true to her best friend’s wishes and being honest with herself. Parenting issues aside, Smidge’s small-town Louisiana world is exactly the one Danielle made sure to escape. Danielle isn’t one for playing the social butterfly, or being the center of attention. And when your best friend tries to set you up on a date night with her husband, it might be time to become the bossy one for a change. In the spirit of Beaches and Steel Magnolias, You Take It from Here is an honest, hilarious, and heartbreaking novel that ultimately asks: How much should we sacrifice for the ones we love the most?

The Girl of the Golden West

This is the story of Galicia, once a crown land of the Austrian Empire, located in the center of Europe. Although largely forgotten today, Galicia was a vibrant, multicultural place where the lives of numerous ethnic and religious groups were intertwined for generations. Galician Trails explores every facet of this long-gone land, from tiny farming villages tucked into mountain passes, to towns filled with a variety of small industries and craftspeople, to modern cities with the conveniences of the late nineteenth and early twentieth centuries. The political struggles and wise compromises that kept Galicia’s citizens together for centuries, and the tragic forces that ultimately tore Galicia apart, unfold here before our eyes. When Andrew Zalewski set out to learn a bit more about his grandmother, little did he know that he was embarking on the journey of a lifetime—one that would take him back to faraway Galicia. Along the way, he encountered many of his ancestors, from simple sheep farmers to nobles, from men who helped establish railroads—the exciting new technology of the late nineteenth century—to pioneering professional women of the early twentieth. One of the latter was the author’s grandmother, Helena Regiec Sobolewska, a talented educator and a determined, independent woman. She raised a daughter single-handedly through the turmoil of the Great War and the little-known conflicts that followed it. Although the real Galicia disappeared from maps long ago, it will live on in the memory of anyone who travels there through the richly illustrated pages of Galician Trails. This book is for you if you are interested to Discover the rich lives of those who lived in Galicia in the nineteenth and twentieth centuries Find out something about your Austrian, Jewish, Polish, or Ukrainian ancestors who once lived in the land that is divided today between Poland and Ukraine See how new mixed with old to change people's lives Learn little-known details of how World War I and the events that followed forever changed the lives of the people of Galicia

An emotional, page-turning account of unhealed trauma and personal transformation that will break your heart and change your mind, in the tradition of Somebody's Daughter, A Piece of Cake, and Jesmyn Ward's Men We Reaped Riveting, honest, and raw, I Can Take It From Here recounts Lisa Forbes's harrowing journey into darkness — including a fourteen-year-long stint in a maximum-security prison — and her fierce resolve to understand the effects of the trauma she endured, to take personal responsibility for her actions, and to ensure that her history does not dictate her destiny. The youngest of six children, Lisa grew up in a Chicago housing project where she endured sexual, religious, and emotional abuse as a little girl. A voracious reader, she graduated high school at 15 and went to work as a secretary in a downtown insurance office, became pregnant at 16 and, at 19, unexpectedly and uncharacteristically committed a violent act, stabbing and killing the father of her daughter. Providing powerful insights into what we as a society need to learn and confront in the ongoing epidemic of mass re-incarceration, Lisa is a stunning example of an individual who through determination, knowledge, and hard work has been able to reclaim her own life. The book ends with Lisa's rousing call to action to support the people—as well as the shorthanded employers—who need the help, and need each other, more than ever.

Tiffany Noboru has just awakened from her death, only to discover she has been drafted into the Gargoyle Ghost Hunter Corps. Soon she is fighting jealous rivalries within her own ranks, struggling to unravel the mystery of her recent death, and trying to avoid being killed a second time by a maniacal ghost named Bones who is seeking the destruction of the gargoyle world. In this full-length novel, appropriate for teens and young adults, a new twist on the role of gargoyles is imaginatively brought to life in spellbinding fashion. Woven into the pages are twenty original works of art by Miimork, which breathe life into this ghostly tale.

In this bouquet of poems I present to you my humble thoughts in simple words on a variety of topics. I have sung about the beauty of love. I have tried to let you hear the sighs and sobs in silence of struggling and suffering people. I have expressed my concerns about our planet and the need to keep it clean and green. I have written about the bond between God and man and his despair despite the prayers he raises. I have also shown the dark side of humanity wondering how man can oppress, exploit, enslave and kill others and sadly, try to justify it. Here, you can hear the muffled, dying cries of a new born girl child. Some songs are my thoughts that loved to wander far on the wide wings of the flying wind. Through most of the poems on social themes I am appealing to the conscience of the people to abandon violence particularly against women, children and the weak and to build a beautiful world of peace and love. May the humorous poems bring a smile on your face and laughter in your soul. Hope you will enjoy reading the book.

Take It from Here

Striking black and white photographs paired with powerful stories capture the experiences of southern West Virginians whose lives were shaped by coal--from retired miners to men and women who have been jobless for their entire lives.

"He is a talented and very promising young policeman. Make no mistakes, he deserves the promotion."But when gay Detective Sergeant Dave Lyon is assigned to Detective Inspector Claire Summerskill's team as part of the Service's 'positive discrimination policy', no-one at Foregate Street Station is happy. And that includes Summerskill and Lyon.Mutual suspicion and mistrust must be shelved however, when a young man's beaten body is found on a canal tow path, and a dead-end case of 'happy slapping' unexpectedly turns into a murder investigation.Why would someone want to kill middle class arts student Jonathan Williams? And how is his death linked to that of rent boy and would be 'adult' film star Sean?As Summerskill and Lyon's investigations proceed, the newly promoted detectives begin to untangle a web of connections, false assumptions and sheer prejudices that force them both to question closely not just their relationship with each other but with the rest of their colleagues at Foregate Street Station and with the Police Service as a whole."It's A Sin" is the first in the "Summerskill and Lyon" police procedural novels.

This work is an invitation and guide for young people to bring the realm of Heaven to earth. As children discover their identity through the revelation of the Father's love, they are released to fulfill their Royal Mission: to demonstrate the Kingdom of God by living a life of miracles. Each chapter explains and identifies the inheritance that God's sons and daughters possess, such as the Father's love, the anointing and indwelling of the Holy Spirit, faith, prayer, and the keys of power and authority. This book is not only a companion for the "journey", but also provides a meeting place for children to encounter God's presence that will transform their hearts and lives.
