Jordan Baker grows up in the most rarefied circles of 1920s American society–she has money, education, a killer golf handicap, and invitations to some of the most exclusive parties of the Jazz Age. She's also queer and Asian, a Vietnamese adoptee treated as an exotic attraction by her peers, while the most important doors remain closed to her. But the world is full of wonders: infernal pacts and dazzling illusions, lost ghosts and elemental mysteries. In all paper is fire, and Jordan can burn the cut paper heart out of a man. She just has to learn how. Nghi Vo's debut novel, The Chosen and the Beautiful, reinvents this classic of the American canon as a coming-of-age story full of magic, mystery, and glittering excess, and introduces a major new literary voice. Between 1942 and 1944 at least 36 French women were recruited by British, French, Soviet and American intelligence agencies, trained as organisers, wireless operators, couriers and saboteurs and infiltrated into France by boat or plane from Britain and Algeria to help the French Resistance in their attempt to liberate their country. This books tells the stories of Anatole', Francine Fromont, Yvonne Rudellat, Andrée Borrel, Odette Sansom, Marie-Thérèse le Chêne, 'Angela', Marguerite Petitjean, Jeannette Guyot, Daniele Redde, Madeleine Damerment, Jeanne Bohec, Denise Bloch, Françoise Agazarian, Yvonne Fontaine, Alix d'Unieuxville, Suzanne Mertzisen, Marie-Louise Cloarec, Pierrette Louin, Eugénie Djendi, Marcelle Somers, Julienne Aisner, Madeleine Lavigne, Ginette Julian, Germaine Heim, Marie-Madeleine Fourcade, Josiane Somers, Evelynne Clopet, Suzanne Pax-Colombas, Denise Colin, Eugénie Gruner, Marie-Rose Miguet, Cécile Pichard, Elisabeth Torlet, Marguerite Giannello, Aïmée Corge and Michele de Ducla.

In this bold, compassionate title, yoga teacher, wellness trainer and social media sensation Rhyanna Watson – who has come out the other side of a lot of personal trauma both stronger and happier – explores how to strip back your protective layers, feel brave and beautiful again, and make the rest of your life the best of your life. Rhyanna's nurturing yet empowering text encourages us to get out of our heads and more into our bodies and hearts in order to reconnect with both ourselves and others – to feel less judged, more accepted; less flawed, more worthy; less insecure, more confident; less scared, more loved. As the title suggests, the key message is that it's only when we're willing to be brave, open our minds and hearts, get fit from the inside out, and both 'bare' it all (allowing ourselves to be vulnerable when supported) and 'behave' it all (accepting both the good and the bad with patience and grace) that we will be able to feel our most beautiful and live our best lives. Being brave doesn't mean we have to jump out of planes or fight lions of course! It simply means being open enough to really get to know and love ourselves, stripped of all societal pressures and expectations. And when it comes to being beautiful, well, we're all beautiful in our own ways, so it's just about accepting our own truth and embracing and believing in ourselves!

An homage to girls and women around the world who choose to think for themselves; to be trailblazers and to celebrate their greatness, with no apology.

SOE agent Violette Szabó was one of the most incredible women who operated behind enemy lines during the Second World War. The daughter of an English father and French mother, and widow of a French army officer, she was daring and courageous, conducting sabotage missions, being embroiled in gun battles and battling betrayal. On her second mission she was captured by the Nazis, interrogated and tortured, then deported to Germany where she was eventually executed at Ravensbrück concentration camp. Violette was one of the first women ever to be awarded the George Cross, and her fascinating life has been immortalised in film and on the page. Written by her daughter, Violette (formerly Young, Brave and Beautiful) reveals the woman and mother behind this extraordinary hero.

Already a decorated heroine of the First World War, British-born Mary Lindell, Comtesse de Milleville, was one of the most colourful and courageous agents of the Second World War, yet her story has almost been forgotten.Evoking the spirit of Edith Cavell, and taking the German occupation of Paris in 1940 as a personal affront, she led an escape line for patriotic Frenchmen and British soldiers. After imprisonment, escape to England, a secret return to France and another arrest, she began to witness the horrors of German-run prisons and concentration camps.In April 1945, a score of British and American women emerged from the Women's Hell - Ravensbrück concentration camp - who had been kept alive by the willpower and the strength of one woman, Mary Lindell. She combined a passion for adventure

with blunt speech and persistently displayed the greatest personal bravery in the face of great adversity. To counter German claims that they had no British or American prisoners, Mary smuggled out a plea for rescue and produced her list from her pinafore pocket, compiled in secret from the camp records. This vital list contained the names of captured women, many of whom were agents of British Military Intelligence, the Special Operations Executive or the French Resistance.Poignantly supported by first-hand testimony, Lindell's List tells the moving story of Mary Lindell's heroic leadership and the endurance of a group of women who defied the Nazis in the Second World War.

The amazing stories of 38 female spies who operated in occupied France and Vichy France, many told for the very first time.

A fictionalized retelling of Queen Goharshad, a 15th century monarch of the Timurid dynasty.

An empowering picture book for all kids that demonstrates to children that they can be real-life superheroes and that all kids have what it takes to be brave. Superheroes seek adventure, never give up, and stay calm when others are afraid. Superheroes are brave. But they aren't the only ones. Kids are brave every day. When they are told they are too little, but accomplish something big. When they check for monsters under the bed, just in case. When they face something uncertain, whether a thunderstorm or a hospital visit. When they stand up for what's right, even when it means facing consequences. Like superheroes, brave kids can save the world, just by being brave. Thoughtful text from Stacy McNulty paired with vibrant illustrations from Joanne Lew-Vriethoff encourage kids to be brave in all the ways they can: trying new things, speaking their mind, confronting bullies, and more. This book will inspire kids to follow their hearts and to have courage, no matter the situation.

A surprising event occurs after the townsfolk build a statue to honor a homeless dog they believe died in a struggle to save two children from a bear.

It was one of those days that stays with you for the rest of your life: 1 November, 2018, the day I found a small lump in my left breast. I 'I never forgot that moment. I was filled with dread, fear, and worry about what the future held. I had already seen several family members in the past few months be diagnosed with breast cancer, that dreaded disease. The next day, I was attending a dinner at St. George 's Hall, Liverpool, an iconic ceremonial building known throughout the world and the first building visitors see as they exit Lime Street station. It 's so iconic that it has been used as a backdrop for film locations for numerous international movies in recent years. I was attending this dinner because I had been nominated for two awards: Employee of the year, a massive honour, and Innovator of the year. These were two extremely prestigious awards within my place of work, Aintree University Hospital. To say I was overwhelmed would be an understatement but I was truly over the moon for reasons I will go into later in my story.

In a culture that bombards women with "thinspiration" messages and pressure to "do it all" while wearing the mask of perfection, women are left feeling alone and overwhelmed. How can they stop comparing themselves to others? How can they live out who they really are? Lee Wolfe Blum offers stories from everyday women who have answered these questions with their lives—and found true beauty in the process. Through call-to-action questions and ideas, she encourages readers to be brave enough to be who they really are and the beloved that God knows they are.

Miguel de Cervantes Saavedra finds refuge from his difficult childhood by imagining the adventures of a brave but clumsy knight. This fictionalized first-person biography in verse of Miguel de Cervantes Saavedra follows the early years of the child who grows up to pen Don Quixote, the first modern novel. The son of a vagabond barber-surgeon, Miguel looks to his own imagination for an escape from his family's troubles and finds comfort in his colorful daydreams. At a time when access to books is limited and imaginative books are considered evil, Miguel is inspired by storytellers and wandering actors who perform during festivals. He longs to tell stories of his own. When Miguel is nineteen, four of his poems are published, launching the career of one of the greatest writers in the Spanish language. Award-winning author Margarita Engle's distinctive picture book depiction of the childhood of the father of the modern novel, told in a series of free verse poems, is enhanced by Rau?o's stunning illustrations. Back matter includes a note from both the author and illustrator as well as additional information on Cervantes and his novel Don Quixote.

"THE BUILDING OF MOUNTAINS and wondrous structures becomes a whole lot easier, and extensively more sustainable, when we commit to celebrating each other's successes, rather than expending time and energy tearing them down."

The full story of the thirty-nine female SOE agents who went undercover in France Formed in 1940, Special Operations Executive was to coordinate Resistance work overseas. The organization's F section sent more than four hundred agents into France, thirty-nine of whom were women. But while some are widely known--Violette Szabo, Odette Sansom, Noor Inayat Khan--others have had their stories largely overlooked. Kate Vigurs interweaves for the first time the stories of all thirty-nine female agents. Tracing their evasion from, or capture by, the Gestapo, Vigurs shows just how greatly missions varied. Some agents were more adept at parachuting. Some agents' missions lasted for years, others' less than a few hours. Some survived, others were murdered. By placing the women in the context of their work with the SOE and the wider war, this history reveals the true extent of the differences in their abilities and attitudes while underlining how they nonetheless shared a common mission and, ultimately, deserve recognition. The instant New York Times bestseller from Chris Cleave--"the unforgettable novel about three lives entangled during World War II, told 'with dazzling prose, sharp English wit, and compassion...a powerful portrait of war's effects on those who fight and those left behind" (People, Book of the Week), London, 1939. The day war is declared, Mary North leaves finishing school unfinished, goes straight to the War Office, and signs up. Tom Shaw decides to ignore the war--until he learns his roommate Alistair Heath has ur Young, bright, and brave, Mary is certain she'd be a marvelous spy. When she is--bewilderingly--made a teacher, she finds herself defying prejudice to protect the children her country would rather forget. Tom, meanwhile, finds that he will do anything for Mary. And when Mary and Alistair meet, it is love, as well as war, that will test them in ways they could not have imagined, entangling three lives in violence and passion, friendship, and deception, inexorably shaping their hopes and dreams. The three are drawn into falling--further into a grim world of survival and desperation. Set in London during the years of 1939-1942, when citizens had slim hope of survival, much less victory; and on the strategic island of Malta, which was daily devastated by the Axis barrage, Everyone Brave is Forgiven features little-known history and a perfect wartime love story inspired by the real-life love letters between Chris Cleave's grandparents. This dazzling novel dares us to understand that, against the great theater of world events, it is the initi

"An almost perfect novel" of yearning, adventure, and redemption in the dying days of the Old West from the bestselling author of Peace Like a River (St. Louis Post-Dispatch), Minnesota, 1915. With success long behind him, writer, husband, and father Monte Becket has lost his sense of purpose. . . . until he befriends outlaw Glendon Hale. Plagued by guilt over abandoning his wife two decades ago, Hale is heading back West in search of absolution. And he could use some company on the journey. As the modern age raves behind his own family for an adventure that will test the depth of his loyalties and morals, and the strength of his resolve. As they flee the relentless former Pinkerton Detective who's been hunting Hale for years, Becket falls ever further into the life of an outlaw--perhaps to the point of no return. With its smooth mix of romanticism and gritty reality, So Brave, Young, and Handsome examines one ordinary man's determination to risk everything in order to understand what it's all worth, in "an old-fashioned, no mind (The Washington Post Book World).

"Gaylor's story of courage and strength will make you believe in the heroic spirit in each of us." --Lisa Wingate, #1 New York Times bestselling author of Before We Were Yours The New York Times bestselling author of The Girl Who Came Home sets her unforgettable new novel in China during WWII, inspired by true events surrounding the Japanese Army's internment of teachers and children from a British-run missionary school. Their motto was to be prepared, but nothing could prepare them for war. China, December 1941. Having left an unhappy life in England for a teaching post at a missionary school in northern China, Elspeth Kent is now anxious to return home to help the war effort. But as she prepares to leave China, a terrible twist of fate determines a different path for Elspeth, and those in her charge. Ten-year-old Nancy Plummer has always felt safe at Chefoo School, protected by her British status. Now the enemy, and separated from their parents, the children look to their teachers - to Miss Kent and her new Girl Guide patrol especially - to provide a sense of unity and safety. Faced with the relentless challenges of oppression, the school community must rely on their courage, faith and friendships as they pray for liberation - but worse is to come when they are sent to a distant internment camp where even greater uncertainty and danger await. . . . Inspired by true events, When We Were Young and Brave is an unforgettable novel about impossible choices and unimaginable hardship, and the life-changing bonds formed between a young girl and her teacher in a remote corner of a terrible war. This book covers the years of terror and death faced by the metropolises of London during World War II. This is about the city and its people, not about war strategies, generals and politicians, although historical currents flowed through the city during the war. The city expected to be invaded. It was subject to starvation. It was bombed during a two-year period. Later, it was the first great city subjected to on-going rocket and missile attacks, including the V-2 Rocket, forerunner of the intercontinental ballistic missile. While terror rained down, the people of the city carried on with their lives, fought back, organized resistance and worked on ways to defeat the enemy. Film studios cranked out movies, theaters continued with shows. People lived and loved, even as others died in the bomb and rocket attacks. Spies and counterespies worked in the city. New nations were in the throes of birth, including Israel, India, and Pakistan. Exiles from dozens of nations flocked to the city. In the end, the city--and nation--survived and went on to thrive. Compared to those days, the "terror" threat of today seems far less menacing.*
